

ACTION PLAN: OBJECTIVE THREE - CANADIAN VALUES AND CULTURE

ACTION PLAN - ISSUE 3B

Working with other governments, OGDs, the provinces and civil society to follow-up on international commitments including Rio (climate change, biodiversity & desertification), Cairo (sustainable population), Copenhagen (social development), Beijing (women's role and their contribution to SD), Berlin (climate change), Istanbul's Habitat II (sustainable cities and communities), Rome World Food Summit and other similar fora to ensure continuous improvement and achievement of sustainable development goals and objectives.

ACTION	MILESTONE INDICATORS
Work together with the provinces/territories, other governments, OGDs and civil society on the implementation of Rio Agenda 21 objectives, environmental conventions and the agreements reached at world summits in Cairo, Copenhagen, Beijing and Istanbul and Rome.	According to national and international reporting requirements
Assist the Commissioner of the Environment and SD in preparing a report on implementation of international SD agreements.	Assist with the preparation and maintenance of a detailed data base

ACTION PLAN - ISSUE 3C

Support and encourage voluntary sustainable development initiatives undertaken by organizations in the private sector and in civil society (e.g., ISO 14000, certification)

ACTION	MILESTONE INDICATORS
Continue to develop cooperative consensus-building relationships with the private sector and civil society to integrate and promote the adoption of voluntary sustainable development initiatives and approaches, including such measures as eco-friendly procurement practices, employment equity, the "greening" of organizational operations, and the pursuit and attainment of ISO standards.	Develop and implement on-going consultative and consensus-building mechanisms
