Mining & Metallurgy

November 26, 1925.

Dean H.M. MacKay,
Faculty of Applied Science.

Dear Dean MacKay:-

With reference to your letter and the attached, if you will be good enough to fix a date direct with Col. McCombe I think that would be the simplest arrangement. After you have settled this will you notify Professor Hemmeon who will announce the showing to his students.

Yours faithfully,

Wilfrid Bovey.
