

August 13, 1930.

Miss Bessie Philp,  
Head of the School of Household Science,  
Macdonald College P. Q.

Dear Miss Philp,

I have your letter of the 11th August with reference to the application you have received from Miss Montsanto for admission to our School of Household Science.

It is my opinion that we should refuse applications from coloured people. After all, ours is a residential school, and I am sure that our attendance would eventually suffer when it became known throughout Canada, as it would become known, that we admitted coloured people.

I leave it to you to decline the application as diplomatically as you can.

Yours faithfully,

Principal.
