

Royal Victoria College for Women

McGILL UNIVERSITY
MONTREAL.

Saturday, April 23rd, 1921.

Sir Arthur Currie, G.C.M.G., K.C.B., LL.D.
Principal,
McGill University.

Dear Sir Arthur Currie:

You may recall that I mentioned to you lately that the College had been dissatisfied with some aspects of the unification of the work in Physical Education which was made last session. I assured you that I did not ask for action as we wished to give the scheme, once adopted, a fair trial, and that we should bring suggestions to your attention if it became necessary to do so.

I hear today from Miss Cartwright that she has found difficulties, and that she and Dr Lamb have been endeavouring to clear up the situation, but so far without success.

I understand that the matter may now be brought to your attention.

As this is more than a personal matter between two members of the Staff and may involve the prosperity of the work for women undergraduates hitherto carried on so successfully under the College I trust you will allow me to see you as soon as the matter is under discussion.

Meanwhile I shall endeavour to see Dr Lamb in the hope of finding some suggestions for an adaptation of the Scheme in operation which may prove satisfactory to all concerned.

I do not wish to trespass unduly upon your time, but I am sending copies of the correspondence which shows the attitude the College has taken towards the unification of Physical Education work, in case you should care to acquaint yourself with it. I also enclose a copy of the report to Corporation (Jan. 1920) from the Committee of the School.

Yours sincerely,

Stuart Hurbutt
