Canadian Press Despatch.

CHICAGO, Nov. 12. — Altho peace rumors led to a fresh break today in the price of wheat the effect was not of a lasting sort, as European buying soon rallied the market. Clossing quotations were steady at ½c to 5-3c above last night. Corn made a gain of ½c to 5-8c net, and oats of 5-8c to 7-8c. In provisions, the outcome varied from unchanged figures to a rise of 17½c.

Many holders of wheat scurried to unload on account of reports that friction had arisen between Germany and Abstria, and that the two countries were likely to sever relations. Exactly as was the case yesterday, experters seized the opportunity to become free buyers when the market was on the down grade. Afterward sellers who tried to cover found that a new upward swing in prices could not be escaped.

Firm at Start.

Decided falling off in the amount of wheat purchased in the country, both northwest and southwest, helped to make quotations firm at the start and was also to some extent responsible for the bullish reaction during the last part of the day.

On the other hand receive

Lart of the day. On the other hand receipts at primsry terminals continued to exceed last year's arrivals, and acted somewhat as an offset in favor of the bears. Predictions of unsettled weather tonight and tomorrow put strength into corn and so, too, did the fact that the export call for old corn was larger than could easily be supplied. Rural

holders showed no disposition to let go where values at loading stations had dropped under sixty cents. Seaboard demand upheld oats. A cargo of 259,000 bushels was reported as having been sold to Genoa, Italy, with bids open for 900,000 additional. Advancing prices for hogs at several western points tended to make provisions average higher. The market was also bullishly affected by the strength of grain.

INCREASE FOR YEAR

IN DULUTH EARNINGS Duluth-Superior earnings for the first week of November amounted to \$24,191.33. The same period a year ago gave earn-ings aggregating \$25,183.97. The decrease is \$992.64. For the year to date the gross passenger earnings are \$1,102,542.46. This is an increase over the same period a year ago of \$347,797.78.
