

the ordinary legislative and municipal grants have not been sufficient to enable Trustees to sustain the Schools during the school year.

The statistics of school population, upon which the present year's apportionment is based, have been carefully corrected and revised in this Department. Many inequalities in the apportionment have thus been removed, and all parts of the Province share in the grant upon equal terms, and in accordance with the demands made upon each locality for school accommodation and instruction.

I have not deducted the apportionment to the Roman Catholic Separate Schools from each individual city, town and township, as was done last year, but I have reserved a special sum from which to make an apportionment direct to each School having a claim upon the fund. This is a more equitable and satisfactory mode of apportioning the grant, and it is one which, while it provides the legal apportionments to Separate Schools, does not so directly and materially lessen the resources of those Municipalities in which these Separate Schools happen to exist, as has been done in past years.

I trust the exertions and liberality of your Council will be increased in proportion to the augmentation of the School Grant apportionment to your Municipality, and the growing necessity and importance of providing for the sound and thorough education of all the youth of the land.

I have the honor to be, Sir,

Your obedient Servant,

E. RYERSON.
