advance. Two steamers were announced to leave Chicago tonight with 700,000 bushels of corn for Buffalo, the first vessels of the season.

In the cats trade free buying of July and seiling of May by houses that generally act for the seaboard caused a decided narrowing of the spread between the two deliveries. There was also a good deal of speculative buying of July.

Packers selling more than wiped out an advance in provisions, due to grain strength and higher prices for hogs. There seemed to be no urgent demand, and especially as to lard.

LONDON MARKET.

LONDON, April 15.—Money was in good supply today. Discount rates were easier on the better bank return. The stock market was quieter and slightly irregular. There was a good turnover in colonial stocks, Japanese bonds and Brazilians, but the recent speculative favorites were neglected. Copper stocks were in good demand, following the rise in the metal. CHICAGO. April 15.—Acute scar-city of wheat reserves predicted for the near future had a bullish effect today on the wheat market here, but rural holders were said to be selling a little more freely, and some of the gain in price disappeared. There was an unsettled close at 5-8c to 11-4c above last night. Corn finished a shade to 3-8c higher, oats off 3-8c to ½c to 1-2c up and provisions down 5c to 10c.
