

The true Church is the fellowship of those who have found that larger life in Him.

It is the most democratic thing in all the world. If it is not as efficient as it should be in organization and in work, let those who see its defects come into it and change it as it needs. We do not ask them to take the brand of any denomination or sect; all we ask is that they come under the mastery of the living Christ and live their lives in Him.

He holds the keys to the Kingdom of God, to the ideal democracy that is to be. He stands in the vanguard of every movement which he does not lead, which is not ing and human happiness. And the Movement which He does not lead, which is not dominated by His Spirit of Love and brotherhood is doomed to failure.

The crisis is upon us. The Church has heard the call and is rousing herself to meet it. But whether in the Church or out of it the one solution to all our problems is Jesus Christ.

To tell about Him, to manifest His spirit, to work out His principles into every phase of life, that is the supreme task of this great hour. That is what Manitoba College exists for.

"God may have other words for other worlds

But for this world, the word of God is Christ."
