other, and they have an excellent method of numbering them, so as to enable any one to find the place he wants, however ignorant of the localities he may be. Two different names are given to the streets; viz. street and avenue. The avenues run from north to south, and the streets from east to west. The avenues are counted from east to west, and the streets from south to north. To take a familiar example from home; suppose the Strand in London was called First Street, Oxford Street and Holborn Tenth Street, and the New Road Twentieth Street; and that Chancery Lane was the First Avenue, Regent Street the Tenth, and Bond Street the Twentieth. Then, if a person were directed to "the Tenth Street, corner of Tenth Avenue," he could hardly fail of finding the place he wanted, as the names both of streets and avenues are written up at the intersections.

Some little stir was produced here shortly after my arrival by an announcement that the Sheriff of Massachusetts had sent over a demand to the Governor for the arrest and delivery of some fifty or sixty of the spectators at the late prize-fight, as fugitives from justice. It seems that some of the youth of this city belonging to the wealthier classes had resolved to tom-and-jerry it upon the occasion. But justice in this part of the world is a stern and blindfolded dame; aye, blindfolded with a bandage that does not permit her to leer out of the corners of her eyes at lords and fine gentlemen. The newspapers tell the delinquents that they will probably have to spend a night or two upon the cold stone floor of the prison,
