"CLOW" telephone accounts - the accounts on which repeated efforts to collect must be made -- result in waste of time and labor.

Most telephone users pay their bills promptly and the labor and time of collecting them are reasonable.

¶ But some subscribers overlook their bills or neglect to pay them promptly, and the work of collecting such accounts is laborious and timewasting.

The elimination of waste in the telephone business means better telephone service. When we can do away with any waste time or labor that may be involved in furnishing service, we can put an equal amount of time and labor into the service itself to the benefit of all telephone

¶ Help us, by the prompt payment of accounts, to avoid waste time and labor and to concentrate on the enormous amount of necessary work that war-time conditions demand.

feeder trade as quiet as that of the past week.

Milkers and springers are not selling very briskly, but the good butcher bulls are holding pretty steady.

Sheep and lambs—There was a very good all-round market for sheep and lambs all week, with receipts of about 225 head—a light run—and the market held steady to strong, with an advance of fully 50c per cwt, for good sheep, and spring lambs \$1 higher.

Extra choice spring lambs sold at from 22c to 23½c on Thursday, the latter price, of course, for only a few select, odd lots, as shown in The World's quetations.

odd lots, as shown in The World's quotations.

The runs have been light thruout the week, with fat sheep selling slow.

Hogs.—The arrivals of fresh hogs on Monday were 1800 head, but the market was firm, selling at 18c lb., fed and watered, and 17c to 17½c lb., f.o.b. A few selects brought higher prices on Monday, tho. The receipts on Tuesday were 400, with a firm market, and, generally speaking, all sold at from 18c to 18½c lb. and on Wednesday, with a run of 2006, the market held firm and higher, the bulk of the receipts selling at 18½c lb. fed, and in some cases The World was informed that \$18,40 cwt. was paid. The run on Thursday was 1766, and the market held steady at the advance—18½c lb. fed. The general consensus of opinion on the exchange, if The World can size it up aright, is that the outlook for hogs for the coming week is for steady prices.
