J. COOMBS - MANAGER.

EARL GREY, PHOTOGRAPHER

Elected to Honorary Membership in Toronto Camera Club.

At the most largely attended annual meeting of the Toronto Camera Club last night His Excellency Earl Grey, who takes an intelligent and enthusiastic interest in camera craft, was elected an honorary member. At each meeting of the members it is their custom to elect some person prominent in photography to the honor roll of the club. The election must be unanimous, according to the constitution, and in this case it was more, it was enthusiastic.

The auditors' report showing the club to be in an excellent financial position, with a balance on hand of \$258.85, and assets of \$677.44, was read and adopted.

The election of officers for the year resulted as follows: President, W. J. Watson; 1st vice-president, R. C. Harris; 2nd vice-president, J. H. Ames; secretary, Messrs. A. H. Freemantle, Dr. E. E. King and W. M. Moss; secretary-treasurer, Hugh Neilson.

A sympathetic resolution was voted to Past President R. D. Stovel, who has been ill for several weeks, and who was unable to be present at the meeting.

Votes of thanks were accorded Messrs. Moss and F. A. Woodward for donations of apparatus to the club during the year.

Dr. Powell and others spoke of the work to be done during the current year and many plans were set on foot for the best year's work in the history of the club.

STUDENT DISAPPEARS.

P. A. Shannon, Mentally Deranged, Then Over-Strained.

Ottawa, Nov. 5.—(Special).—P. A. Shannon of Halton, Ont., is in the city looking for his son Thomas, who disappeared Thursday morning.

The boy, who was attending Ottawa College, was 18 years of age and is believed to have wandered away when mentally unhinged thru overstudy.

He was of a quiet, studious disposition and this is the only reason for his disappearance which can be assigned. He was last seen in Hull Thursday morning. He is about five feet four inches in height, with black hair, grey eyes and a thin face, and wore a black overcoat, grey striped coat and a grey cloth cap.

STOMACH TROUBLES

To wrong action of the stomach and impaired digestion a host of diseases owe their origin.

When the food is imperfectly digested the fullness is not derived from it by the body, and then stomach troubles start to appear.

Thus you become thin, weak, nervous and debilitated, energy is lacking, brightness, snap and vigor are lost and in their place come dullness, listlessness, loss of appetite, depression and languor. The great point is to get the stomach back into good shape again so it can properly digest the food, and the easiest, quickest and best way to do it is by the use of

BURDOCK BLOOD BITTERS

Miss Lizzie Furlotte, Jacquet River, N.B., writes: "I was very much troubled with my stomach and did not know what to do. I consulted several doctors, got medicine from them, but all to no purpose, and was constantly growing worse. One day I had the good luck to meet with a friend who had been troubled in the same way as myself. My friend told me of the wonderful cure Burdock Blood Bitters had made with her and advised me to try a bottle. I did so, and what a happy change the first bottle made. I took two more and am completely cured, and I shall ever sing the praises of B.B.B."

Bottle \$1.00 per bottle or 6 bottles for \$5.00.

HAMILTON HAPPENINGS

HEALTH BOARD BANISHES COW BYRES FROM LIMITS

Important Amendments to City Bylaw—October Death Rate Abnormally High.

Hamilton, Nov. 5.—(Special).—The board of health this evening decided to make several important amendments to the health bylaw banishing slaughtering houses, cow byres and the like from the city limits.

An increase of 50c a day was voted to the scavengers.

A resolution was passed instructing Dr. Roberts, the medical health officer, to that fever patients were not discharged from the City Hospital without his consent.

He was also given instructions to see that George Stroud discontinued his hide business at the corner of Park and Market-streets.

The coal oil meter matter was left over until the provincial board takes action.

Death Rate High.

The number of deaths for October was abnormally high, being 193. Six of these were caused by typhoid fever, and six by consumption.

The markets committee, at its session this evening, appointed Mr. Atchinson as clerk at the weight scales. It was agreed to get another man to help. George Daw operates the elevator in the city hall. It will be given six hours work a day at 18 cents an hour.

The inquest on the death of George Perkins, the man fatally injured in the gas explosion in the T. H. B. shops, was adjourned for two weeks this evening in order to secure the testimony of J. H. Collins, the other man injured.

The new orange hall on James-street was opened this evening by a ball given by the Ladies' O. B. A. and Orange Y.B.C.

The separate school board has appointed C. G. Bird to check the tax collectors' rolls, with the assessment for the past six years, to see if the board has got all that is coming to it.

SMITHS THREATEN STRIKE

Dozen or So Small Shops to Be Forced to Shorten Days' Work.

There will be a strike among the local horseshoers to-morrow unless certain of the smaller shops accept a new agreement for a 3-hour day.

This decision was arrived at in a mass meeting of horseshoers held in the Labor Temple last night. The men are asking for no increase in wages over the rates specified in the agreement of last year, viz. 12 1/2 cents per hour for floor men and 15 cents for blacksmiths.

It is claimed that all of the larger shops, numbering about 20, have already agreed to the shorter day, having signed since the first appeal was made about a month ago, but there are still about 12 small shops employing in the neighborhood of 20 men upon which pressure will be brought to bear. These are given until to-morrow, when, if they haven't come to terms, the men will be taken out and put into "fair" shops.

The men were inclined, last night, to look upon the situation confidently as the busy season is just opening up, and there is said to be a big demand for men.

McFarlane Charges.

The fire and water committee will hold an investigation Wednesday, and the charges made by James McFarlane against City Engineer Barrow.

The Manufacturers' Gas Company has decided to pay more than \$200 for the privilege of leaving its pipes in the middle of the county roadways. The county council is insisting upon double that amount.

George Stoddard is the only Hamilton conductor let out by the G.T.R. so far, but two others are said to have received similar notices.

John Milne a Candidate.

John Milne's name will be brought before the Conservatives as a candidate for the Eastern Division, and strong efforts will be made to get him to run.

The workmen of East Hamilton have called a meeting for Thursday evening to nominate a labor candidate for the legislature.

Burglars robbed the store of H. Levitt, 7, Hibernia-street, last night, and got away with several beaver coats.

See Billy Carroll's pipes to-day at the Grand Opera House.

The Toronto Daily and Sunday World delivered to any address in Hamilton before 7 a.m.; daily, 25c a month; Sunday, 50c a month. Hamilton office, Royal Hotel Building, Phone 965.

TOO MUCH WHISKEY KILLS.

Peculiar Death of a Leader in the Italian Colony.

As a result of what is said to have been a whiskey drinking contest, Carmine Angelo Mucello, was buried in St. Michael's Cemetery on Thursday last.

The drinking took place in a St. Andrew's Market place last Wednesday. Four fruit pedlars and the deceased undertook to find out who could consume the "largest" quantity of liquor. Mucello got away with five bottles, and fell over and died.

Mucello, who lived at 322 West Adelaide-street, was president and chairman of the Italian Fruit and Vegetable Company. He had \$5000 in the bank.

The company had \$5000 in the bank. The company had \$5000 in the bank.

MINISTERS MEET.

Disunionist Associations Getting Down to Winter's Gath'ring.

At the Presbyterian Ministerial Association yesterday morning Rev. L. H. Gordon spoke briefly on the outlook for the progress of the true religion in Japan, which he regarded as most encouraging.

At the Baptist Ministerial Association Rev. Dr. Sowerby gave an address on "Spiritualism, Witchcraft and Demonology." The miracles recorded as being accomplished in ancient days were supernatural, while those of modern times were the result of trickery and sleight-of-hand methods.

Rev. W. H. Hinks, at the meeting of the Toronto Methodist Ministerial Association, gave a short resume of the changes in the discipline and church laws recently enacted at Montreal. Four only out of the forty Methodist ministers in the city were present at the recent conference, and Mr. Thompson's recommendation that a line of brakewater be extended out into the bay from a point about opposite the foot of Parliament-street, and that the stretch of water between this piling and the present one at the foot of Cherry-street be filled in, was endorsed as a means of providing many additional acres of factory sites and of offering shipping facilities.

EXPLAINED.

Why B. C. Amalgamated Coal Is Not Known to Government.

Editor World: In your issue of Nov. 5 I notice an article entitled "Government's Warning Against Coal Floation."

I am just in receipt of a letter from our S. Andrew Hartman, 70 State-street, Boston, Mass., which I think will explain this matter. It is as follows:

"Mr. Olin Hill of Providence, E. I., some time ago wrote to Victoria, B. C., and received a reply from the government there to the effect that no such company as the British Columbia Amalgamated Coal Company had been registered there, and there were no records that they owned or controlled any government leases on coal land in Nicola, etc. Of course we could not be registered for the reason we have not registered our company in British Columbia, and before that is done we cannot have our deeds and bill of sale recorded or filed, but as I have stated to you before, the original owners of the coal lands have transferred and assigned a quit claim of their title and interest to the B. C. Amalgamated Coal Company, and these quit claims of assignments are in the hands of our secretary, A. B. Crossman, and will be filed and put on record in Victoria as soon as the company is registered there. The registration will cost us about \$3000, and that is the reason why we have not already done so, but this will be attended to this fall, because we shall have to be registered under the laws of the Province of British Columbia before we can do business in the name of the company in that province."

Owen J. B. Yearseley.

TOO ANXIOUS.

There were quite a number of enquiries by telephone last night for the result of the N. Y. State election. It's to-day.

SWAIN WOULD KILL.

Forces Addresses on Young Woman and Is Sent to Jail.

Peterboro, Nov. 5.—(Special).—Thos. Weller, a young Englishman, was today sentenced to thirty days in jail.

He has been paying his addresses to Miss Annie Coon of this city, but the girl, desiring to get rid of him, went to the residence of her uncle, Mr. Wright, near Larkfield.

Last night at midnight Weller went to the house and pointed a loaded revolver at Mrs. Wright's head. He demanded that the girl come downstairs, saying he intended to kill her.

Mr. Wright drove for a constable and had Weller arrested. The prisoner still threatens to shoot Miss Coon as soon as he is released. Weller's friends are endeavoring to have him sent back to England as soon as his sentence expires.

with the changes. Exception was taken to the clause which precluded a superannuated minister from drawing more than his regular allowance during illness. The veteran missionary, Rev. Thomas Crosby of British Columbia, was a visitor.

Rev. T. B. Hyde spoke to the Congregationalists regarding the condition of San Francisco as seen during a recent visit.

CONTROLLERS VISIT MARSH.

Support Commissioner's Suggestions Except in One Case.

Almost entire approval of the recommendation of the commissioner of industries with regard to the steps suggested to convert Asbridge's Marsh into a site for factories, was the outcome of the visit to the locality made by the mayor and Controller, John G. Hubbert, and Mr. Thompson, yesterday.

The one point of difference related to the proposal to have Keating's island to the north of the marsh land immediately north of Simcoe Park. The mayor and controller thought that the closing of the former cut would prove a great inconvenience to those using it for navigation, and that a new bridge suitable for railway tracks could replace the present swing bridge.

Mr. Thompson's recommendation that a line of brakewater be extended out into the bay from a point about opposite the foot of Parliament-street, and that the stretch of water between this piling and the present one at the foot of Cherry-street be filled in, was endorsed as a means of providing many additional acres of factory sites and of offering shipping facilities.

IN A GOOD CAUSE.

Dr. Bruce Smith, inspector of prisons and charities, and Mr. J. J. Kelso, superintendent of neglected children, will attend meetings on Wednesday at St. Thomas, on Thursday at London and on Friday at Guelph, of those interested in philanthropic work.

District Deputy Thomas Bloodworth made an official visit to Granite Lodge No. 13, A.O.U.W., of Georgetown, last evening. Two candidates were initiated, and after the business a social hour was spent. Among the grand officers present were: Thomas Hastings, grand financier; J. Lawrence, grand solicitor; and W. W. Burgess, grand inside waiter.
