Winnipeg, Man., Dec. 7.—(Special.) A week's remand was granted by Magistrate Daly in the case brought by D. W. McQuig against J. C. Gage, vice-president of the International Elevator Company, John Love, president of the Winnipeg Elevator Company, and J. G. McHugh, manager of the McHugh Christenson Company, grain commission merchants, who are charged with conspiracy in restraint of trade by D. W. The case, which has aroused keenest interest in the grain trade of Western Canada, and which is based upon evidence brought out before the recent meetings of the Royal Grain Commission, was instituted by the Grain Growers' Association. Doesn't it stand to reason that nature herself has in herself a cure for our ills—and doesn't it stand to reason that nature rebels at many of the nauseous so-called remedies, that pass as cures for stomach ailments?—Dr. Von Stan's Pine-apple Tablets are a cure in very deed, because they're purely vegetable and are extracted from one of the most luscious fruits that grows—and what a boon they have proved themselves to be, is best expressed in the hundreds of unsolicited testimonials that could be printed here—and which will be produced if you're a bit credulous.

## ONTARIO AGRICULTURE WINS CHICAGO LAURELS

Live Stock Awards at Fat Stock Show Justify Slogan That Ontario's Good Enough for Us.

The farmers of this banner Province of Ontario feel proud at all times of their favored land. But, added glory has come to them in the winnings of our livestock and judging teams at the International Show just closed in the Windy City across the line. This great show, which attracts thousands of farmers from all over the republic, and which is the rendezvous of all stockmen visitors on this side of the water, has, this year, been the largest and brightest in its history. In the short space of seven days this show has already earned a worldwide reputation, and in the words of the president of the English Hereford Herd-Book Society, it is the "biggest and greatest livestock show I have ever seen."

Great indeed, is the prestige that attaches to Canada and especially to Ontario in the awards just made. Hon. Nelson Monteth, minister of agriculture, expressed the sentiment of his feelings when he said that Canadians had done themselves proud, in hogs, sheep, cattle and horses, the breeders of Ontario may feel justifiably elated, for the prizewinners of note were from the Canadian stables, or from stables that had purchased this side the line. The attendance of Canadians was larger than usual, and the men who returned thru Toronto were all enthusiastic over the results.

Yesterday afternoon the hackney stallion, Dalton King, the property of Graham Bros., of Claremont, won the \$500 Cup, the biggest prize at the show.

In hackney horses Graham Bros. of Claremont secured the two firsts on aged stallions over 153 and under 152 hands, in Colorado and Dalton King, Graham and Renfrew of Bedford Park secured first in the 2-year-old stallion class with Brigham Radiant, while Graham Bros. captured the first of the 2-year-olds in Grail Mikado.

The championship was secured on the last horse in competition with all the rest, thus vindicating the same award obtained at the Canadian National, and the first honors he obtained at the New York Horse Show. Brigham Radiant, owned by Graham and Renfrew, was a senior champion. And the beauty of the awards was the holy contested classes in hackneys.

In Clydesdales, the horse par excellence for the general farmer, Graham Bros. got first, and grand champion for the winner at Toronto—Right Forward. Graham and Renfrew also got first on Evander in the 3-year-old class, while the Cairn-brook stables got 3rd on Celtic Pride. Other winners by the Bedford Park stables were, 1st with Bilson Swagler in the yearling class, and first with Flash Baron, and second with the beautiful 4-year-old Lanark Queen, which was so much admired in her stall on the exhibition grounds, and owned by Graham and Renfrew, won first and the championship.

In the 2-year-old class Hodgkinson and Tisdale of Beaverton won first on Fleishire Lass and second with Queen's Maud. For the four animals, the get of one sire, the award for first went to Graham and Renfrew on Flash Baron, Baron Hamlet and Lanark Queen.

In sheep W. F. Carpenter of Simcoe won the first prize in Shropshire, while the first prize and champion yearling ram was won by F. W. Harding of Wisconsin, who purchased it from Robert Miller at the Toronto fair. The first prize yearling ewe and champion female was won by Mr. Davison of Millbrook, N.Y., and also purchased from Mr. Miller after winning similar honors here in September.

In Cotswolds the aged ram winner was an Ontario bred ram, as was also the second prize one. The first prize yearling and champion ewe over all was won by Harding, who bought it from the recent importation of Robert Miller.

Mr. J. C. Ross of Jarvis also carried off many honors, winning second on yearling rams, and first on ram lambs, yearling ewes and owned the flock prize. He also secured the first prize and champion winner in these classes came from Ontario breeders' stables. The sheep breeders have reason to feel proud of their work.

In Southdowns, Sir George Drummond of Beaufort won the grand championship on his ewe over all breeds and competitors.

In the Shorthorns, the Canadians did not come off as well as perhaps their animals gave promise of. The competition was keen, and yet Canada showed up fairly well. The prize aged bull, bred from stock imported by Robert Miller, was also the first prize two-year-old bull. It reflects credit on Mr. Miller's judgment.

that the championship bull for three consecutive years has been one bred from animals of his importations. Senator Edwards of Rockland won second on his grand 2-year-old bull, for the good stock in the jolly senator's stables will take care of themselves in any show ring.

## CANADA'S FUTURE.

(Canadian Associated Press Cable.)  
London, Dec. 7.—The Financial News has a long editorial on the tremendous future of Canada and says the time must come when the Dominion must take a share of the burden of defence. It asks if it is too much to expect that the mother country and her oldest colony will draw closer together in ties of mutual self-interest before that time arrives.

**Methods of Calculation.**  
For illustration, he compared the manager of a bank to the manager of an electric power company. A person approaching the former with a loan would not be quoted the same favorable rate as if he desired a million—supposing the security to be good in both cases. The manager of a loan would be considered on an entirely different and much broader basis. Just so with electric power. The manager of a generating plant could not be expected to supply a hundred small quantities of horsepower to as many different and scattered points at the same cost as the same aggregate quantity, and to one main centre.

## Toronto City Mission.

The directors of the Toronto City Mission held their last business meeting of the year in the Y.M.C.A. rooms. John Stark presided.

The treasurer reports a deficit of \$300 and hopes that the friends will see that this is wiped out before the close of the year.

The three missionaries each read their reports for November. Thoma won 546 visits made among the poorer homes of the city and \$2.67 was expended in relieving distress and 340 articles of clothing were supplied in cases of need and 33 Gospel services were held, with good results.

Mr. Hall is ready to receive gifts for the poor fund, which is now almost exhausted, and there are many appeals for help. The missionaries are also preparing their list for the distribution of Christmas to the needy among the poor, which they hope will receive the usual support of the charitable public.

## A BROKEN-DOWN SYSTEM.

This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness—a breakdown, it is true, of the vital forces that sustain the system. No matter what may be its causes (for they are almost numberless), its symptoms are much the same: the more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what a terrible condition! In all such cases is increased vitality—vigour—vital strength and energy to show off these morbid feelings, and experience proves that as night succeeds the day this may be more certainly secured by a course of

than by any other known combination. So surely as it is taken in accordance with the directions accompanying it, will the shattered system be restored, THE EXPIRING LAMP OF LIFE

LIGHTED UP AFRESH, and a new existence imparted in place of what had so lately seemed worn-out, "used up," and valueless. This wonderful medicine is purely vegetable and innocuous, it is agreeable to the taste—suitable for all constitutions and conditions, in either sex; and it is difficult to imagine a case of disease or derangement, whose main features are those of debility, that will not be speedily and permanently benefited by this new-stilling recuperative essence, which is destined to cast into oblivion everything that had preceded it.

It has been tried by thousands of men and women, and has proved itself to be a most reliable and powerful agent in the treatment of all cases of debility, nervousness, and general weakness.

It is sold by Chemists throughout the world. Price in principal cities, 25¢ per bottle. Purchasers should see that word "THERAPION" appears on both Government Stamp (in white letters on a red ground) affixed to every package by order of His Majesty's Hon. Council of Ministers and without which it is a forgery.

## STOMACH TROUBLES

To wrong action of the stomach and impaired digestion a host of diseases owe their origin.

When the food is imperfectly digested the full benefit is not derived from it by the body, and then stomach troubles start to appear.

Thus you become thin, weak, nervous and debilitated, energy is lacking, brightness, snap and vigor are lost and in their place come dullness, dizziness, loss of appetite, depression and languor. The great point is to get the stomach back into good shape again so it can properly digest the food, and the easiest, quickest and best way to do it is by the use of

## BURDOCK BLOOD BITTERS

Miss Lizzie Furlotte, Jacquet River, N.B., writes: "I was very much troubled with my stomach and did not know what to do. I consulted several doctors, got medicine from them, but all to no purpose, and was constantly growing worse. One day I had the good luck to meet with a friend who had been troubled in the same way as myself. My friend told me of the wonderful cure Burdock Blood Bitters had made with her, and advised me to try a bottle. I did so, and what a happy change the first bottle made. I took two more and am completely cured, and I shall ever sing the praises of B.B.B."

Price \$1.00 per bottle or 6 bottles for \$5.00.
