## STOCK MARKETS OF A WEEK

Securities Have Been Mostly at a Standstill.

Advances in C. P. R., Payne, War Eagle, Duluth and S. S. Railway.

Good Bank Statement - Notes and Gossip.

Saturday Evening, April 22.

Canadian securities have continued to suffer dull this week. The chief check to speculative activity appears to be the conservatism of the banks in advancing call loans.

There have, however, appeared a few exceptional features in the market. Canadian gold and silver coins, the highest and most resilient two points this week on the strength of the banks at last wakened up.

Owing to the very large quantity of this stock on the market, it has always proved a hard issue to "load" and it is at that point that the market has been at its best.

This week on good buying. Those mining issues are in demand, owing to the big shipments being made to the smelters.

Cariboo slumped heavily on the publication of a report that the mine was closed, when the same was officially contradicted.

It is whispered that Mr. Pellatt's return to Europe will result in a sale of the mine, which will be followed by an advance in this issue.

The market for the Montreal market in Duluth and South Shore, which has been advancing a recent of recent announcements.

On Wall Street.

The stock market to-day was almost wholly professional and the net changes were trivial, although in the way of improvement. The specialties monopolized attention, except for activity in some of the international trading.

An expected favorable bank statement was discounted and on its appearance general trading followed, a supply of stocks from large holders appearing, giving encouragement to the bears to put out short lines and the market closed with a raised in progress.

The bank statement showed a large decrease in loans and deposits and a consequent heavy gain in surplus reserves.

London stock freely of Louisville, Southern, and Denver and Rio Grande, but these stocks were very well taken and all closed at good advances. Norfolk and Western advanced 1/2 cent, and Erie, 1/4 cent.

Chicago and St. Paul were strong throughout and gained 1/4 cent. Brooklyn Transit moved upward slightly yesterday's figures. Among other specialties Continental Tobacco was pressed for sale, and the market closed with a raised in progress.
