Proceed Against Company.

S. F. Washington, K.C., brought up the matter of the alleged nuisances committed by the T., H. and B Co., in regard to blocking Hunter-street. He wanted to know why there had been so much delay. The City Solictor replied that the committee had decided on an independent inquiry, and the report was now ready. John Henry presented the report, which, in effect, was that Hughson-street principally was blocked at times from 5 to 15 minutes. Mr. Washington presented reports from residents showing the nuisances were much more serious. He protested that the company was constantly violating the bylaw. Finally it was decided to instruct the City Solictor to proceed against the company.

There was considerable discussion at the meeting of the Management Committee of the Public School Board yesterday' afternoon over the recommendations for the positions of writing master and music instructor. By a small majority, the recommendation that A. C. Casselman be appointed as far as I am able to judge, it is a very excellent and healthful food. Writing master was carried. The clauses recommending that A. T.
