Aldermen Discuss Plans for Making Access Across the Bay Cheaper for the Citizens.

and the committee, should assess the matter of low fates to the Island and the terms upon which his could be done. Ald. Sheppard stated that he had been approached by the Ferry Company with the object of purchase. He thought that if the company offered their property at a reasonable rate that it would be to the interests of the success attending the city to take it over, and while not offering the service to the citizens absolutely free, have the charge greatly reduced. It was his opinion that the people should have the privilege of going to any part of the city for nothing if they so desired, and the Island being in the city, it was no more than right that they were not making any money out of the boats; that it was the attractions at the Island that brought the revenue, He had a state from its introducing the Ballot Act the late was the attractions at the Island that brought the revenue, that they were proposed to the secret of the success attending the ballot are highly a propose so thoroly the had a state of the city for nothing in the city, it was no more than right that they were not making any money out of the boats; that it was the attractions at the Island that brought the revenue. He had a state from its introducing the Ballot Act the late from the introducing the Ballot Act the late was the attractions at the Island that brought the revenue. He had a state from its introducing the Ballot Act the late from its introducing the Ballot Act the late was the actual that it was a great saving, but the alderman thought that if they could be provided the secret of the success attending to the success attending the success attending the success attending the scale intended nonconced the scale members. President determinant and the success attending the scale intended nonconced the scale of the city of

quarter it would improve the situation immensely.

Ald Foster thought that if the city had a draw bridge constructed at the foot of Bathurst-street, the people in the west end could go over free, and that would in a measure relieve what he thought a hardship upon the people, having to pay for the "what to get to the Island. This course was not looked upon with favor by the rest of the committee.

This will be Lovely.

In regard to the reduction of ga-bage.
Ald. Sheppard. Foster, Hutbard, the Engineer and the Street Commissioner will go to Cleveland and study the system there, and see if it can be used to advantage in this city. They may visit many other cities in the States.

electric treatment can't do you any harm, and if it does not do you any good you

and who would be glad to share their knowledge with others if written to. I send the names

There is not another remedy in the world to-day that has proven as effective as Dr. McLaughlin's Electric Belt. Its cures speak volumes for the good work it has accomplished.

It is an absolutely positive cure for all forms of Nervous Debility, Loss of Memory, Varicocele, Weak Stomach and all those Physical and Vital Weaknesses. Confusion of Ideas, Kidney and allied complaints, Rheumatism, Sciatica, etc., etc. It has cured thousands every year after every other known remedy has failed. The fact is, medicines cannot cure these complaints, as you know who have tried them. Electricity—which is the nerve force—is the power that has been drained from the system, and to cure it must be replaced. This Dr. McLaughlin's Electric Belt will do. It is the crowning triumph in electrical science, and its

I RECEIVE LETTERS LIKE THESE DAILY:

DR. McLaughlin: Dear Sir,—I have been using your Belt for six weeks, and have been greatly benefited by the use of it. My wife has been using it also, and it has completely cured her of constipution of eight years' standing. You may use my name or I will answer any letters about the Belt to any part of the world. Yours very truly, EDGAR ANDERSON, Dunnville, Ont.

Dr. McLaughlin: Dear Sir.—I have worn your Belt, and take much pleasure in reporting the splendid results thus far from the same. I have had no bilious spells since, the snarp pains in the region of my heart are almost gone, there have been less losses since I used your belt, and I feel better in every way. It is certainly wonderful how the electricity makes you feel fresh in the mornings. I have felt fresh and glad to have the joy of living and being able to do a good day's work. I remain, your sincere friend, E. W. ELLIS,

Dr. McLaughlin: Dear Sir,—After 30 days' use of your Belt I can say that I am well pleased with the results. I have not had one emission since I started to wear the Belt, and the pain in my back is almost gone. I feel more energetic, more lively and better in every way. I have the greatest confidence in my Belt and know I shall soon be completely cured. WICHOLAS SULLIVAN, Waller, Ont.

They come every day from everywhere. There is not a town or hamlet in the country which has not cures by Dr. McLaughlin's Electric Belt.

Now, what does this mean to you, dear reader? If you are not what you ought to be, can you ask any better proof to make you try it? Is there a remedy which is as simple, as easy to use, as sure to cure, and as cheap as Dr. McLaughlin's Electric Belt? I have not seen one. You must try it. In justice to yourself and to those who look to you for their future happiness, try it now. Act this minute. Such a matter ought not

To those who still doubt there is any cure, because they have been misled by false representations and want evidence of cure in their own case before paying, I say, disregard my testimonials if you will, but be convinced by what I can do in your case before you pay. I am willing to take all the chances of curing your case. Give me reasonable security and I will arrange a Balt with all necessary attachments suitable for your case and send it to you and you can

The old adage, "All work and no play makes Jack a dull boy," applies just as well to the stomach, one of the most important organs of the human system, as it does to the man himself.

If your stomach is worn out and rebels against being further taxed beyond its limit, the only sensible thing you can do is to give it a rest. Employ a substitute for a short time and see if it will not more than repay you in results.

When Poll Closes.

At the conclusion of the poll—the statutory hours are 8 a.m. to 8 p.m.—the presiding officer at each station at once places the marked register of voters and the counterfolls of the ballot papers issued in a receptacle provided for the purpose, closes and seals it, nor can it be opened thereafter on any pretext or by any person without judicial warrant and for the special purpose already explained. He then Stuart's Dyspepsia Tablets are a willing and most efficient substitute. They themselves digest every bit of food in the stomach in just the same way that the stomach itself would, were it well. They contain all the essential elements that the gastric juice and other digestive fluids of the stomach contain, and actually act just the same and do just the same work as the natural fluids would do, were the stomach well and sound. They, therefore, relieve the stomach just as one workman relieves another, and permit it to rest and recuperate and regain its normal health and strength. Stuart's Dyspepsia Tablets are a will-ng and most efficient substitute. They ength. so that the numbers on the back ma "vacation" idea was suggested not be seen, and checked with the engaged in the most momentous under-taking of my life in bringing about the coalition of certain great interests that be identified with the district in which
