St. Catharines Has

Reduction

Issue.

One of the greatest local option

fights ever fought in Ontario will be

decided at the polls to-day. There are 92 municipalities in the province

voting on the question, in 61 of them the proposal being to do away with existing licenses, while in 31 the vote is on the repeal of local option.

Should local option receive the requis-

ite three-fifths majority in every case, it will mean the wiping out of 165

licenses, while in the event of every vote to repeal being carried 92 licenses

will be restored. Only a majority is

required for repeal, as in each of the municipalities local option was car-

ried before the amendment to the Liquor License Act became effective.

51 29TH YEAR

FATE OF 165-BARS FORTY MUNICIPALITIES **VOTE ON POWER BYLAWS** TO BE DECIDED AT TO-DAY'S ELECTIONS

Power bylaws will be submitted and voted upon in a large number of western municipalities to-day and those which are in the same neighborhood are almost as interested as those which are actually voting.

The construction of a line to Windsor from Niagara interests every municipality on the way, and every farmer and tradesman within range of power will be influenced for weal by the distribution of this great substitute for coal in their district.

Among the leading points are Windsor, Sarnia, Walkerville, Sandwich, Amherstburg, Highgate, Newbury, Blenheim, Ridgetown, Bothwell, Wheatley, Cottam, Tilbury, Comber, Thamesville, Gosfield, Belle River, Mercea, Anderton, Rochester, South Colchester, Learnington, Kingsville, Wallaceburg, Dresden, Oil Springs, Petrolea, Glencoe, Chatham, Alvinston and Strathrov.

There are about 40 places altogether in which bylaws are to be voted upon, some of these further east, as at Stratford, where the question is to be laid before the people once more. The power question is also an issue in the elections at Hamilton, Brantford and Galt, and Brampton, Acton, Milton, Georgetown, Mimico, Dundas, Norwich, Tillsonburg, Aylmer, Simcoe, Waterford, Port Stanley, Elmira, St. Jacobs, Breslau, St. George, Doon, Ayr and Paris are also considering it.

WITH POKER

Walter Blythe Gives Himself Up to Police, Confessing Killing, Which Followed Family Jar-Had Been Drinking.

Agincourt, a little village situater. about 12 miles north of Toronto, was the scene yesterday evening of a particularly brutal murder, the perpetrator being Walter Blythe, a section hand on the C. P. R., and the victim his wife. Blythe, who has been driking heaviy for some time, had previously threat. ened his wife's life, and only a month ago County Constable William Hobbs, who yesterday effected his arrest, had to caution him.

The victim, who was only 35 years of age, presents a terrible appearance. Her body is a mass of bruises and her. head is badly cut, the implement used being a common poker.

Bound to Be Master. The motive is apparently a purely domestic one. Blythe, it appears, has for a long time labored under the deusion that the deceased had tried to boss" him, and he told one of our representatives he had fully made up his aind to be "master of his own house." Enquiries show, however, that the prisoner is the possessor of a very morose temperament, and even when out of drink, had constantly ill-treated his wife. Indeed, it is stated that Blythe, who came to this country about six years ago, from England, so badly ill-used her in the early married days that her first babe was still-born as the result of his brutality.

.The dead woman leaves behind her wo children-a boy and girl-whose ages are, respectively, 6 and 2 years.

Immediately after the crime had been committed, Blythe went across to a friend named Malcolm Walker, and stated that he thought he had killed his wife. He afterwards quietly submitted to arrest, being brought to the Toronto jail at an early hour this morn-

ing by Police Constable Hobbs. The prisoner, who is a sullen-looking ROME, Jan. 3.-Having done all that man of about 40 years, was not handit was possible to do in the districts cuffed, and appeared to be quite on looked, however, in a very dazed condition, and did not seem to realize h's They have spent the last four days position in the least.
