In the mile and a sixteenth, the starter let the horses away to a bad start, and the judges rang the bell, causing the jockeys to hesitate before they bethought them that the ball had no authority in flat racing, and they continued. In the six-furlong dash, the horses got away to a bad start again, and, disregarding the starter, finisher. Others have aspired to do the work I am doing with my ELECTRIC BELT. They offer you electricity in some form, ar an "electric belt" that possesses no curative power whatever. They are like "boys on bladders" floundering on a sea of un-certainty-while to-day the %R. who secures five new yearly subscriptions to either the Daily or Daily and Sunday World will be entitled to one of the Club Ballots enumerated above.

These Club Ballots will be issued over and above the regular ballots of the third voting period.

Contestants must wait until they have a complete club of five subscriptions before the Club Ballot will be issued.

The Offer Will Not be Extended

The above offer will close on Saturday, July 31, midnight. After that time the regular schedule of ballots for the third voting period will be in effect. This plan affords an excellent opportunity for a smart candidate to catch up to the leaders. If you are interested in the race, now is the time to make your big gain. If you are not actively interested, as yet, decide to make the best of this opportunity to secure extra votes. It you can bring, say three of these five-year clubs, this would be a remarkable showing.

Make it a point to get new subscribers, as "Club Ballots" will not be issued if they are from old subscribers.
