A recent letter of protest from a gentleman of the north complaining ence, for it indicates how heavy the tratfic has been from Elk Lake to Gowganda. A large amount of sup-plies have been taken in and the road has been carefully maintained thruout the winter. A number of machinery plants have been taken in. Generally the country is in a much more advanc-ed condition than it was a few months

Weak back comes from the kidneys, and when the kidneys are out of order the whole system becomes deranged. Those who have never been troubled with kidwho have never been troubled with kidney trouble do not know of the suffering and misery which those afflicted undergo. Doan's Kidney Pills are a specific for all kidney troubles.

They begin by heiping the kidneys to flush of all the acrid and poisonous impurities which have collected, thus clearing out the kidneys, bladder and all the urinary passages and carrying

all the urinary passages and carrying away the uric acid, the chief cause of rheumatism, from the blood.

Mrs. Arch. Schnare, Black Point, N.B., writes:—"For years I was troubled with weak back. Oftentimes I have lain in bed for days, being scarcely able to turn myself, and I have also been a great

sufferer while trying to perform my household duties. I had doctors attending me without avail and tried liniments and plasters, but nothing seemed to do me any good. I was about to give up in despair when my husband induced me to try Doan's Kidney Pills, and after using two boxes I am now wall and atternations. using two boxes I am now well and able to do my work. five feet wide and one foot deep, and he estimated that it was doing 25,000 barrels a day. Other reports of the same nature reached the city during the day and had great effect on the stocks of companies which have property in proximity to the Mays well. The United Oil Co. owns 40 acres of land in section 24 cornering the section in which the Mays well is located, and the California Midway is
