During the evening Miss Ead McDermid recited Milton's poem "Il Penseroso."

**ST. JOHN PEOPLE IN THE PARK REALTY CO.**

**S. Z. Dickson Elected Second Vice President at Annual Meeting Held in Montreal.**

(Montreal Herald)

In the chambers of the company's solicitors, Messrs. Greenshields, Greenshields & Langsdale, the annual meeting of the Park Realty Company took place yesterday afternoon.

The various reports were of a most satisfactory nature, the president's being exceptionally so. During the past twelve months sales aggregating \$15,000 were made by the new company, which, when it is considered that the year 1908 was a very lean one in all directions, and therefore extraordinarily so in the general realty market, is a remarkable record, and is a striking tribute to the company's selling agency, Mr. John Findlay.

The report of the secretary - treasurer and general manager Mr. J. Findlay showed that the company was free of all pecuniary obligations, and that its finances were in a most healthy state.

After the reports had been submitted, the shareholders passed a resolution complimenting the directors and management on the success of their year's work. The announcement was made that the company would declare a substantial dividend this year.

The property owned by the Park Realty Company comprises 274 acres, situated immediately at the head of Park Avenue. By street car it is within fifteen or twenty minutes' ride from the postoffice, and located right on Park Avenue, which is now recognized as the main artery of the city running north and south.

That this district is a popular one is plainly evidenced in the manner in which it has been taken up since being placed on the market by the Park Realty Co. that what were just plain fields a year ago have become a neatly laid-off suburb which already contains a considerable number of handsome completed residences.

The directors elected for the coming year are Messrs. George Ball, ex-M. P.; Sydney P. Howard, Esq., T. Hopner, J. Abraham, J. A. Ogilvy, Jr., Joseph Beaudry, and S. Z. Dickson, of St. John, N. B. Mr. J. Beaudry is the elected auditor.

At a subsequent meeting of the directors the executive officers were appointed as follows: Mr. Geo. Ball, president; Mr. S. P. Howard, first vice-president; Mr. S. Z. Dickson, second vice-president, and Mr. J. Findlay (re-elected) secretary-treasurer and general manager.

A number of St. John people have holdings in this company. Mr. Dickson returned from Montreal today.

**SEVERAL BOULDERS AND ONE LARGE LOG**

**These Have Been Secured by Diver Lahey on the Supposedly Dredged Bottom of No. 6 Berth**

A meeting of the west side improvement committee was held this morning when a report was received of the progress of the work of the diver in examining the bottom at No. 6 berth. It was stated that several small boulders and a large log had been found and would be removed. It is probable that the diver will not finish his examination until Monday night as he has been instructed to examine the entire 800 feet of the berth for a distance of 80 feet from the face of the wharf. After the work has been completed, a meeting of the committee will be called to receive the report and if everything is found satisfactory the harbor master will be instructed to place steamers there.

Ald. McGoldrick, chairman of the committee, said it depended largely on the nature of the diver's report whether an investigation would be held.

**AN EXCELLENT CONCERT**

The 62nd Regiment Band, assisted by the Carleton Cornet Band, gave an excellent programme in the Opera House last night, before a large and fashionable audience. Many officers in full uniform were present, lending an air of brilliancy to the occasion. The programme was a particularly choice one, the numbers being executed with much finish and vigor, as stated, assisted by members of the Carleton Cornet Band. Vocal solos and a vocal quartette marked the first part of the programme. There were also Scotch dances, Highland fling, and sword dance, and descriptive battlefield pieces, entitled "A Soldier's Life." The latter piece was rendered in great style, and won deserved applause. A camp scene formed the feature of the entertainment. The scene which was well executed, depicted camp life at Point Levis, Quebec, during the recent Quebec festivities. The whole formed a pretty and decidedly interesting feature, and called forth rounds of applause. The concert was under the direction of Col. G. Holt White, commanding district No. 8, and was under the direction of Bandmaster T. H. Jones.

**A GOOD CONCERT**

A concert under the direction of the choir was held in the vestry of the Wesleyan street Baptist church last night. The programme consisted of banjo selection by Gilbert D. Davidson, vocal solos by Miss Anna Edvard, Miss Hazelwood, Miss Lindsay, and Mr. Osborne; vocal duet by the Misses Lindsay, readings by Miss Leach, Miss McCart and Mrs. Dunfield, piano duet by Mrs. Dunfield and Miss Duval, autograph selections by John Frodham, violin selections by Harry Hetherington and instrumental music by Amateur Musical Club.

**CIVIC PAY DAY**

Nearly \$8,000 was paid out by cashier D. R. Willett today to civic employees. The regular semi-monthly pay roll and the fortnightly pay sheet for laborers were both due today. The amounts disbursed in the various departments were as follows:

Police	\$380.83
Public Works	1,394.00
Fire and S. C.	131.00
Officials	884.16
	1,482.45
	\$4,673.50

The payments to laborers were:

Ferry	\$183.07
Water and Sewerage	227.06
Public Works	2,163.44
	\$3,241.17

Included in the above amount is about \$600 for removing snow.

**STEAMER STRIKES IN REVERSIBLE FALLS**

**Steamer Saga While Coming Through This Morning Struck Twice But Was Not Badly Damaged.**

The Norwegian steamer Saga, while being towed through the falls this morning from Cushing's mill, struck aft on the pitch of the falls. She also struck Split Rock on the port bow. The steamer's pumps were sounded after the accident, when it was found that the vessel had 24 inches of water in her hold. The Saga was taken to Kennedy's slip, ballast wharf where she will be examined at low water. She has on board a million feet of lumber for New York. It is thought she is not badly damaged, but that some of her plates have been started aft.

The Norwegian steamer Tjomo, which had left at St. John, and the Company's mill above the falls, also came through this morning with a cargo of lumber for New York. She came over the pitch alright.

The water at the falls, between Cushing's Point, and the Island is very shallow and vessels over 14 feet draught have to be very careful for the tide turns very quickly at that place. The steamer Saga might be stated, was also under her own steam at the time of the accident.

**ST. ANDREW'S SOCIETY**

**Decision Reached Last Night to Place Grave of Lachlan Donaldson in Perpetual Care.**

At a meeting of the St. Andrew's Society last night it was announced that there was a balance of \$50 in connection with the Scottish entertainment. It was decided to place the balance in the contingent fund.

A committee appointed for the purpose reported that arrangements had been completed with the Fernhill Cemetery Company for the perpetual care of the grave of Lachlan Donaldson who left a bequest of between \$8,000 and \$6,000 for charitable work.
