Make it a Fine Art.
The knowledge of how to prepare a first-class meal and serve it on the family table is a high art worthy of any woman, says Dr. H. W. Wiley, head of the United States bureau of chemistry. And he adds that no woman sacrifices her dignity in doing such work, says The Worcester Telegram. He explains that the art is not so much in preparing an elaborate menu for a special occasion as in making the regular meals of the family perfect, morning, noon and night. He has evidently come to the conclusion that good living, like charity, should begin at home, and

that good living does not take its measure from the expense of the dishes, but from the art in preparing them economically, as well as appetizingly. The doctor criticizes the women in this way: "American women must be made to understand that the preparation of a meal is an art, not a drudgery. When this is accomplished we shall live more cheaply and better. American women are too willing to leave the cooking to domestics. The woman who knows how to cook well and does cook well, does not demean herself in the least. She ennoble herself and benefits every one around her."

NEW BUILDING FOR AYLMER, ONT.
Big shoe factory, which will be ready for business on April 1. This handsome building occupies 84,000 feet of floor space, and is built of white brick.

Sleepers Routed by Clockwork.
A furniture dealer in Paris is showing what to all appearances is an ordinary bed, but the weight of the body upon it sets a clockwork in motion, and this operates a music box, which gives forth soothing melodies. The lullabies which it plays are supposed to induce

sleep. By means of a dial at the head of the bed the person who occupies it fixes an alarm for next morning. This produces, when the hour arrives, discordant sounds, to which the person in the bed must pay heed, because failure to rise within five minutes after the noise has begun will cause the bottom of the bed to fall out.—Exchange.

Hear the best Talent at its best through the Edison Phonograph

The world's best entertainers, the head-liners of the vaudeville shows, the stars of the operas, the good composers, band leaders and orchestra conductors are making Records for the Edison Phonograph. All of them are represented in our catalog.

Why do they consent to make Records for the Edison Phonograph? Because they believe that the Edison Phonograph will do them real justice, giving them the most artistic reproduction.

When you listen to an Edison Record played by an Edison Phonograph, you hear the original just as it was sung or played. Can you do this with any other instrument?

Edison Phonographs can be had from \$16.50 to \$162.50
Edison Standard Records 45
Edison Amber Records (play twice as long) . . . 45
Edison Grand Opera Records 85c. to \$1.25

There are Edison dealers everywhere. Go to the nearest and hear the Edison Phonograph play both Edison Standard and Amber Records and get complete catalogs from your dealer or from us.

Spring.
O gracious beauty, ever new and old!
O sights and sounds of nature, doubly dear
When the low sunshine warns the closing year.
Close to my heart I fold each lovely thing

The sweet day yields; and not disconsolate,
With the calm patience of the woods I wait
For leaf and blossom when God gives us spring.
—Whittier.
