## BUSINESS REASONS FOR THE C.V.L.

(By Sir Vincent Meredith.)

The first duty of every loyal Canadian is to help win the war. It is well  
known that the money markets of the world are closed to all borrowers, and in  
order to provide the necessary funds from now on, supply our share of men  
and of munitions and to maintain trade activity with consequent prosperity in  
Canada, it is essential that the government should receive liberal subscriptions  
to its War Loans.

If the Victory Loan is not a success, its failure will react on the trade of  
the country very materially and directly or indirectly injure the interests of  
all Canadians.

The yield of the bonds is a very good one and they are exempt from income  
tax. If a man invests in them he is liable to pay this tax and  
therefore the net income he receives from the Victory Bonds is greater than  
it looks.

The bonds can be sold at any time and their price is less likely to drop  
than the price of any other security. The possibility of taxation that will af-  
fect other securities is becoming greater all the time; therefore, viewed either  
from a selfish or patriotic standpoint, everyone should invest as much as he can  
in the Victory Loan.

Canada from now on must, with her own resources, carry on, and I have  
every confidence that the loyalty of her people can be depended upon in this  
as well as in all emergencies in these times of self-sacrifice and endeavor.

## GERMAN MONEY HAS SLUMPED TO LESS THAN HALF VALUE

New York, Nov. 14—Wall street  
bankers have received cable advices  
stating that the exchange value of the  
German mark in the Holland and Swit-  
zerland markets has recently dropped to  
the equivalent of about ten and a half  
cents. The mint valuation of one Ger-  
man mark is 24 cents. Last March  
when German exchange was last traded  
in on the New York market four marks  
were quoted at 89 cents or about sev-  
enteen cents a mark.

B. C. INSURANCE COMPANY

## FALL OF FRENCH GOVERNMENT

First Time Such Action Has Been  
Taken by Chamber Since Be-  
ginning of War

Paris, Nov. 14—The Painleve minis-  
try was defeated by a direct vote in the  
chamber of deputies yesterday, and later  
resigned. This is the first time such  
action has been taken by the chamber  
since the beginning of the war, as up  
to the present it has been a point of  
honor with many deputies not to vote  
against the government, but to express  
criticism by abstaining from recording  
their votes.

Strong dissatisfaction with the gov-  
ernment's handling of the Bolo Pasha  
affair is believed to be the motive  
which changed the passive discontent to  
active opposition. Two other things  
thought to have had a part in the fall  
of the cabinet were the premier's state-  
ment exonerating M. Malvy, the former  
minister of the interior, and the fiasco  
attending the prosecution of L'Action  
Francaise, edited by Leon Daudet, the  
accuser of M. Malvy.

The ministerial crisis comes on the  
eve of the inter-allied conference here  
and every effort will be made to settle  
it quickly.

President Poincare was to begin con-  
sultations with political leaders this  
morning.

## SAYS THAT JAPAN CANNOT SEND ANY TROOPS TO EUROPE

Tokio, Nov. 14—Lieutenant General  
Oshima, minister of war, informs the  
Japanese newspapermen that the de-  
spatch of troops to Europe is an abso-  
lute impossibility owing to the tremen-  
dous cost and lack of tonnage.

The present programme is to have the  
monster building, calculated to produce  
8,000,000 tons of steel a year and give  
employment to 30,000 men, in opera-  
tion on New Year's Day, 1920.

None of this steel is to be marketed,  
as Ford will be obliged to work the  
smelters to their utmost capacity to pro-  
duce a sufficient output to supply its  
own needs for automobiles and tractors.

During the fiscal year ending July 31,  
1919, Ford will have produced 800,000  
cars in which will be used 400,000 tons  
of steel for frames, motors, axles, etc.

The steel used for magnetos, metal for  
tanks, sheet metal for fenders and for  
guards, should hit the 1,000,000-ton mark  
in 1920.

Tractor production is planned for 1-  
000,000 yearly. Farm implements take  
more steel and iron than automobiles so  
that Ford tractors will probably call for  
something like 8,000,000 per year—leav-  
ing nothing for other consumers.

### \$1,130,000,000 FOR ALLIES

Washington, Nov. 18—A loan of \$110-  
000,000 to France to cover expenditures  
in this country during November and  
December was made today by the treas-  
ury. This makes the total credits ex-  
tended to France \$1,130,000,000, and the  
total of loans to all the allies \$8,756,400-  
000.

LONDON STOCK MARKET.  
London, Nov. 14—The Italian and  
Russian situation made dealers cautious  
on the stock exchange today and prices  
were inclined to drop, only specialties  
like shipping, iron, steel and rubber  
shares showing any strength or activity.

Argentine rails and Russian issues were  
easy. Scandinavian bonds were strong  
following a decline in exchange rates.  
Money and discount rates were quiet.  
The sales of treasury bills last week  
bring the total amount outstanding to  
more than one billion pounds.

### USE THE WANT AD. WAY

## Now for Winter

The tastes and fancies of men  
are many, because diversity  
in fabrics and models is an  
essential and important phase  
of this showing of Winter  
Overcoats. Go through it and  
you will find every tendency  
of every favored cloth.

At \$15 to \$30, we present the  
popular models and fashioned  
of every favored cloth.

Military Sundries — Many of  
the men now overseas bought  
them here, and we can assist  
you for their Christmas boxes.

## CANADIAN CUP HAS BEEN RECOVERED

New York, Nov. 18—After having  
been lost since 1914 as a result of the  
great war in Europe, the Canadian  
Challenge Cup, a famous international trophy  
for army officers at the National Horse  
Show in Madison Square Garden, has  
turned up in France, and is now on its  
way to New York. This announcement  
was made yesterday at the office of the  
National Horse Show Association, when  
the donor of the trophy, Sir Adam  
Beck, arrived from London, Ont. to ex-  
hibit a string of hunters at the Horse  
Show, which opens on Monday, with the  
entire gross receipts in support of the  
American Red Cross.

By the deed of gift, the Canadian  
Challenge Cup had to be won twice by  
the regiment of which the competing of-  
ficers were members before it became  
their property, and in the meantime was  
to be held from year to year by the win-  
ning regiment. Capt. Crawshaw did  
not ride for England, but failed to send  
the trophy back for the annual com-  
petition. It was won by France, so the  
National Horse Show Association was not-  
ified to forward it direct to Lieut. Baron  
de Meslon, who had won it. At this  
 juncture came the outbreak of the war,  
and soon afterwards the news reached  
New York that Capt. Crawshaw had  
been killed in the retreat from Mons.  
In looking up the cup in anticipation  
of the Horse Show of 1915, it was no-  
where to be found, the English officer  
being dead and the French officer having  
gone to the front and disappeared in the  
early days of the war.

### BREAK IN CORN MARKET.

Chicago, Nov. 14—Decided setbacks  
took place in the price of corn today  
owing chiefly to weakness in the New  
York stock market. Bearish inference  
from statements issued by the food ad-  
ministration tended to increase bearish  
sentiment. Opening prices, which ranged  
from 8-8 to 13-8 lower with December  
at 120 and May at 115-8 to 116-1-8,  
were followed by material further  
breaks.

### ON INSPECTION TRIP.

Colonel J. H. Cameron, of
