## VISITING RAILWAYMEN

J. K. McNeillie, general superintendent of the Canadian government railways; W. R. Devenish, superintendent of the Truro-St. John division, and W. N. Rippey, superintendent of car service, arrived in the city from Moncton yesterday in a private car and spent the afternoon in company of Superintendent Ross. While here a conference was held with officials of the C. P. R. with respect to terminal accommodation where it is necessary for the lines to exchange cars. The party left for Moncton last evening at 6.10 o'clock.

Speaking of the traffic which will come to maritime province ports during the coming winter season, Mr. McNeillie predicted that it would surpass that of any previous season. A portion of the new terminals at Halifax are to be utilized this winter and he told The Telegraph that the amount of freight which would go via the sister port this season will be away in excess of anything yet done in that line. A great influx of business to the maritime provinces this year was predicted by Mr. McNeillie, who said that the road is now in far better shape to handle the traffic this winter than was the case last winter.

With respect to St. John he said there was nothing special to announce. The terminals at the Long wharf will be utilized as last year and work on the new elevator will be carried steadily along.

## RECENT WEDDINGS

Lamont-Stanley.  
Newcastle, Dec. 7.—The marriage took place in California on Nov. 21 of Geo. H. Lamont, youngest son of Councillor Hugh H. Lamont, of Douglastown, and Miss Josephine Stanley, of Pomona (Cal.). The gift to the young couple from the bride's father was a completely furnished bungalow cottage. The groom left Douglastown six years ago and is now the manager of one of the largest stores of Woolworth & Co. in Pasadena (Cal.).

## TUESDAY'S ATTRACTION.

Keep Tuesday afternoon and evening, December 12, free, to attend the Patriotic Fete in the Union Club. It will take time to visit the beautiful Christmas room and admire the daintily laden trees and make your purchases. The military room with its war trophies, its many and useful gifts for our soldier boys, its guard of honor and other attractions. The useful and fancy articles on sale in the gift room will prove very fascinating, the dainty confection and sweets all made by skilled fingers, in the candy booth, will prove very tempting. The home-made cooking department will satisfy the most epicurean tastes. After visiting these different booths you will need refreshment in the spacious dining room of the club, where a capable committee assisted by a bevy of young ladies will look after your needs, meantime music will be rendered by a military orchestra. Leaving the dining room you will naturally make your way to the entertainment hall and see the famous Mrs. Jarley and her wonderful, lifelike collection of wax figures. Before leaving the building you will surely pay a visit to the magic wheel of fortune and make yourself the

possessor of one of its coveted prizes. Don't fail to see all the attractions. Tickets on sale at Gray & Ritchie's and Nelson's book store.

## LOCAL NEWS

The last of the leaders' classes in the Canadian Standard Efficiency Test programme was held at the home of Miss Hilda Shaw. The subject of the evening, Rev. P. R. Hayward spoke on the characteristics of boy life; Arthur M. Gregg took up the service standard of the efficiency tests, and Frank L. Smith, general secretary, charted a boy.

Harry H. Hurder was made the recipient of a beautiful parlor clock by friends who gathered at his home last evening and tendered him a surprise party, the occasion being his birthday. The presentation was made by Pte. George White.

A meeting of the High School Alumni was held last evening at the home of Miss Hilda Shaw. The subject of the evening was "The Hindoo Philosophy, Rabinabath Tagore." During the evening a solo was rendered by Miss Miles; Miss Fenton sang several Indian love lyrics and Miss Dorothy Bayard played a piano solo.

Benjamin Witzberger, a stogie-maker of Wheeling, W. Va., has rolled 2,238,000 stogies with tools which cost him less than \$1. He says he has rolled an average of 187,000 a year and for the last 12 years has used a board which cost him 75 cents and two knives that cost him 25 cents.

## COUGHED TERRIBLY

How This Canadian Girl Was Cured  
We want you all to know that all letters like the following are truthful and genuine.  
"I am a chocolate dipper. I work and keep house both. I contracted a bad bronchial trouble. I coughed and coughed so it almost smothered my breath. I became all run down. I got discouraged because no remedy seemed to help me and it was beginning to interfere with my work. Finally I remembered that Vinol had done wonders for my mother and decided to try it myself. I noticed an improvement in three days and it has completely cured my trouble. Before I took it I used to be sick to my stomach. Vinol cured that, too." Agnes Hensworth, 319 Dundas street, Woodstock, Ont.

The reason that cough syrups fail in such cases is because they are palliatives only, while Vinol removes the cause being a constitutional remedy in which are combined beef and cod liver peptones, iron and manganese peptones and glycerophosphates. It strengthens and revitalizes the entire system and assists nature to expel the disease.
