Figures keep pouring in which written by a Canadian. kill the hope entertained during the hours immediately following first news that the extent of the catastrophe might have been exaggerated. The state of Odds and Ends affairs appears to be worse rather than better than early reports indicated.

Hundreds are dead, thousands injured, tens of thousands homeless and ruined, with material damage estimated in hame-Graham.

This Week in Epigram

No church that has had the power but has pided up property while preaching poverty.—R. B. Cunning-hame-Graham.

A mechant unable to sleep tossed fretfully on his bed and muttered unintelligible words. The wife of his bosom sought the cause of his reslessions ought the cause of his reslessions. In answer to her inquiries he hame-Graham.

hundreds of millions.

So far from the scene of the storm we in Saint John are unable to be of any active assistance to the sufferers. We may rest assured that near neighbors are doing all in their power to render aid and succor. Naturally the Canadian Red Cross has offered to come to the rescue if desired, but it is unlikely that this will be necessary. Until communications are restored there must remain many—thousands.

If nations were merely houses of business, the fate of the world would be said:

"You should expect me to sleep when my note to Cohen in the bank to said:

"You should expect me to sleep when my note to Cohen in the bank to said:
