LOCAL NEWS

The Windsor chapter of the Imperial Order of the Daughters of the Empire met last night at the residence of the regent, Miss Gertrude Lawson, in De Montfort street, West St. John. It was decided to co-operate with other workers selling poppies on Armistice day.

It was decided to hold a rummage sale for general funds, at a meeting of the Daughters of Israel in the synagogue last evening. Mrs. J. Goldman presiding. There was a large attendance and a great amount of routine business was completed.

The Crusaders of the German street Baptist church entertained the members of the C. G. I. T. group last evening in their schoolroom to a Halloween party which was greatly enjoyed by all present. The usual frolics attendant to Halloween were introduced and all were very merry when time to break up arrived.

The Y. W. C. A. drive for a sustaining fund to enable the association to carry on its activities throughout the coming season, was commenced yesterday afternoon when the workers met at the home of Mrs. John Heavily, Orange street, to receive directions. The canvass is to be made in the business section.

Alphonso Solomon was arrested yesterday afternoon by Sergeant McAleese, and he is being held for the Kings county police in connection with the \$76 which disappeared from the home of Mrs. Schofield, of Norton, on Sunday. Here this young man had been working. He was taken to Hampton today.

In view of the fact that an appeal for reserved cases had been allowed in the case against Thomas Spellman, charged with manslaughter, Judge Barry did not sit in session when the court met here yesterday. The court was adjourned until Nov. 28, when sentence will be given on the appeal.

The Sportsman's Fair was attended by fair crowd last evening. The City band was present and played a good programme of music. Tonight the band will be present. The prize winners were: Door prize, \$10, Louie Ford; excelsior, Fred Smith; city gun, Harry Sweet; bean toss, William Irons.

The St. John Festival and Community chorus met last evening, with A. U. Brander, director of chorus. F. J. Punter was elected secretary. The meeting last night was attended by more than sixty persons. Plans for the coming season were discussed. The object of the class is to promote singing in the city and help build up the church choir.

The Seven Seas chapter of the Imperial Order of the Daughters of the Empire decided to adopt a baby for one year by providing for the free supply of milk for it through the local council of women's milk field. The committee, towards the support of a Victorian Order nurse and kindergarten teacher in East St. John were approved.

An address on the Communion of Saints was given by Archbishop Crowfoot yesterday at the Diocesan Board of the Women's Auxiliary, which met at St. Paul's school room. Mrs. George F. Smith, who presided, spoke of the friendship which she attended at Montreal.

The treasurer, Mrs. G. C. P. McIntyre reported receipts of \$381.33 for the month and disbursements \$1,283.09, leaving a balance on hand of \$901.89. Miss Clara Schofield, corresponding secretary, announced three new life members, including Mrs. J. H. Brooks and Mrs. J. A. Reid of Fredericton. The third member's certificate has not as yet been presented.

The common clerk of the city, H. E. Wardrop, yesterday received a telegram from Benjamin Penning, of Fall River (Mass.) announcing the death of John M. Rosenkrantz and asking that Mother Elizabeth Rosenkrantz, of this city, be notified. Efforts made to locate Mother Rosenkrantz in this city have proved unsuccessful.

The judgment in the test cases, brought against the Union Bus Company in connection with violations of the new jitney regulations, was rendered yesterday afternoon by the police magistrate. He decided that the company was guilty and imposed a fine of \$10 in each of the eight cases before him. The cases have been appealed to the higher court.

A training course for the C. G. I. T. leaders was started in the German street Baptist Institute last evening. Forty-five registered. Miss Mary Allison, who is the convener for the training course, explained methods of organization. The group leaders chosen were: Miss Helen Sime, Miss Jean Summerville and Miss Allison.

Notice of the assignment for the benefit of his creditors was given yesterday by Peter McIntyre, grocer, shipbuilder and ship broker. During the war Mr. McIntyre built three schooners, one of which was lost. His present interests include the Peter McIntyre and the Ada McIntyre and his grocery business in the North End. The St. John Transportation, Limited, which was engaged in the motor trucking business, also assigned. The chief asset of the company is a motor truck.

The Royal Standard Chapter, I. O. O. F., held a meeting last evening at the home of Mrs. John E. Moore with the regent, Mrs. J. Pope Barnes presiding. It was decided to cooperate in selling poppies on Armistice Day and also to give an electric plate for use in the General Public Hospital. Books are to be added to the library at St. John County Hospital and others sent to the Westfield school at Christmas. Reports were received from Mrs. C. B. Allan and Mrs. J. Pope Barnes. Mrs. William McAvity was elected a member of the chapter.

At the corner of Bentley street and Douglas avenue yesterday a street car crashed into a bread wagon, breaking it up badly. The wagon had been going along the car track and had been unable to get out of the way in time. At the corner of Sydney and Princess streets, a Ford car, a coupe and a touring car collided. The touring car received most of the damage. A third accident happened at the end of the car line at East St. John where car No. 69 ran over a woman's milk field. The car struck towards the support of a Victorian Order nurse and kindergarten teacher in East St. John were approved.

Your state of health largely depends upon the food you eat

No one who is physically ailing in any way can afford to take chances with the food he eats. For upon the selection of your food, and upon its perfect digestion and assimilation largely depends your state of health.

The most important thing in connection with the digestibility of any cereal food is the way it is prepared—and the length of time it is cooked or baked.

Grape-Nuts, the rich cereal food made from whole wheat flour and malted barley, is probably baked longer than any other cereal food.

A large part of the starch of the wheat and barley is changed into dextrin and grape-sugar in preparing Grape-Nuts. This is one reason why Grape-Nuts is so easily digested by even the most delicate people.

Grape-Nuts is wheat and barley so processed as to make it delicious and appetizing; even young children thrive on it and grow strong and rosy.

Go to your grocer today and get a package of Grape-Nuts. Eat it as a cereal with milk or cream, or make it into a delicious pudding. It will be enjoyed and relished by every member of the family.

INVENTOR NEAR TO HIS DEATH IN TESTING SEA SAFE

Supposedly Watertight Invention Leaks When He is Thrown Overboard in It.

Baltimore, Nov. 2.—Twelve thousand persons here today cheered as Menotti Nanni, Chicago inventor of a non-sinkable safe designed for use aboard ships, arose from the bottom of the harbor at the mouth of Jones's Falls after allowing himself to be placed in his invention and thrown overboard. Whistles tooted and the whole water front seemed aroused, for to the casual spectator, 200 feet away from the scene of the demonstration, everything had apparently turned out well.

But those aboard the scow from which the inventor was dropped overboard saw a different scene. They saw Nanni go into the steel cylinder smiling, confident and waving his hand to those about him. They saw him kiss his wife good-bye and saw her wait stoically while her husband remained under water. Five minutes later, when Nanni came from the bottom of the harbor, they saw him taken from the cylinder in a state of exhaustion, with nearly two feet of water surrounding him in his temporary prison, and knew that had he remained under water a few moments longer he would have perished.

The descent today was the third he had made, the other two being entirely successful. The safe used was a new one and not that which he had previously used. It was about five feet in diameter and ten feet tall, built in the form of a cylinder, with a smaller cylinder inside. As it was lowered into the water the small cylinder was released and shot to the surface and great commotion, caused by a chemical compound used in the safe.

When the safe was taken up, for several minutes after the door had been opened the cylinder was suspended in mid-air by a derrick and whirled around, to give air to Nanni, who sat in a huddled heap. His wife became hysterical.

FIGHTING DREAD CANCER.

"Worst Enemy of Human Race" Claimed 557 Victims in Toronto Last Year.

(Toronto Telegram.)

Last year 557 persons died from cancer in the city of Toronto, as compared with 284 from tuberculosis. Dr. C. J. Hastings, medical officer of health, has declared war on what he terms "the worst enemy of the human race." In the Health Bulletin for October he states that the generally accepted proper treatment of cancer is the removal of the growth at as early a period as possible. He warns citizens to beware of false cures. "The man who advertises and sells them," says Dr. Hastings, "is the worst type of criminal, inasmuch as he is not only guilty of fraud, but also robs the individuals of the only chance they had through early operations, radium or X-ray."

The M. O. H. enumerates the danger signals, such as unnatural blood discharges, lumps on the breast, or mammary glands, persistent indigestion with loss of weight, and emphasizes the fact that cancer is only curable in its earliest stage. It is not a constitutional or blood disease, and is not communicable or inherited.

Dilly Dallies.

New York, Nov. 2.—James Dilly was sued here for non-payment of his debts. His creditors said he had dallied for two years. Judgment was handed down against Dilly and he was warned to dally no more.

POLICE INQUIRY IS COMPLETED

Crown Prosecutor Gives Evidence—Did Not Think the Police Held Back Evidence.

At the second session of the investigation which is being conducted by Commissioner Thornton into the charges that evidence was suppressed at the trial of Edward O'Brien, held in City Hall last evening, the evidence of Mrs. Mary Fleming and Dr. W. B. Wallace, K.C., was taken. Mrs. Fleming said that she knew nothing of the Norris case. She did not remember Mrs. Truscott calling on her the night of the murder. She had seen Mrs. Truscott since that night. Dr. Wallace, who was prosecuting attorney in the O'Brien and Spellman trials, said that he had never made a statement to the Globe or to Mr. Ellis that evidence had been withheld. On the last day of the trial the evidence was all in when court adjourned for lunch and witness received a telephone call from the office of J. King Kelley that Mrs. Truscott could give important evidence. He had a subpoena issued for her. After lunch the woman had not arrived and he received a message that she was French and would require an interpreter. Witness said that he could not secure one. Detective Power told him that the woman was no good as a witness and that he had better examine her first. He was not sure that she was French. Witness said that he had seen the editorial in the Globe and went to Mr. Ellis and told him that he had made a mistake. He later saw another editorial and could not understand it after he had told Mr. Ellis his mistake. Witness said that he did not think that the police department had withheld any evidence and said that the police were always anxious to give him information. To Mr. Harrison, Dr. Wallace said that Mrs. Truscott's evidence was important if she was to be believed. He said that he had received the depositions of the witnesses such a short time before opening of court that he could not go into the case with the police very deeply. This concluded the testimony and Commissioner Thornton said that every effort had been made to get all witnesses who would throw light on the matter. In a few days Commissioner Thornton will make his report and recommendations, if any, to the common council.

MORNING NEWS OVER THE WIRES

F. O. Downing, mentioned as one of the identified dead in the flood at Britannia Beach, was a son of Mr. and Mrs. Mariner Downing of Riverside, Albert county. He had been in the west for some time. He leaves his parents, a wife in Vancouver, two brothers, Vaughan, in Coverdale and Roy in the states, have the body of an unknown Canadian soldier brought to Canada from France and buried with National honors at Ottawa. The Prince of Wales, on his way to India, opened the new parliament at Malta yesterday. The event marks the introduction of responsible self government in Malta. The main principle is the establishment of a system for local affairs under direct control of the Maltese people and an order for matters of imperial concern, taking orders from the imperial parliament. Toronto dairies yesterday announced a cut in the price of milk effective at once. Hereafter one dollar will buy fifteen pint tickets instead of fourteen. Superfluous sale opens tomorrow evening in St. Andrew's rink.

Distinctive - Exclusive

In the higher grade of tea there should be something more in its appeal than merely quality. There should be that distinctive character which separates it from the mass. King Cole Orange Pekoe has a richness of flavor entirely its own. It is the King Cole judgment of what is delicious in a cup of tea.
