STINNES ENTERS SUIT IN NEW YORK

Seeks to Force Buying Agent
in United States to Render
Statement.

New York, Nov. 12.—Hugo Stinnes, Germany's Rockefeller, and a former member of the German cabinet, has entered a complaint in equity in the United States district court for an accounting against Harvey Allan Miller, a British subject.

Stinnes' complaint was entered through his attorney, former Judge Walter S. Hayes. It charges that Miller had contracted in December, 1919, to purchase coal and metals in the United States for

shipment to Europe, for Stinnes' corporation. Miller, the complaint said, was to receive \$10,000 and one-third of the net profits of the transactions.

Miller, the action charges, had repudiated the contract, and, although he had done more than \$300,000 worth of business, no accounting had been made to Stinnes. A balance of \$300,000 had been deposited in the National City bank of New York to carry on the business, it was alleged.

Justice Mayer granted a temporary injunction tying up the funds in the bank until a hearing could be had.

**BRIDE WEIGHS 725 LBS.;
POOR HUSBY ONLY 155.**

Santa Ana, Calif., Nov. 12.—A bride weighing 725 pounds was brought home last week by John H. Hamilton, who weighs 155.

The bride, formerly Miss Anna Emily Selim, of Venice, Calif., was attended at the wedding by her sister, Mrs. L. C. King, who weighs 420.

CHANGED HIS MIND.

Quebec Man Set Out to Marry
First Girl He Met in Mont-
real—Took His Roll.

The extraordinary adventures in Montreal of a druggist from Quebec in search of a wife, who approached an unknown girl whom he happened to meet in the street, proposed marriage and was immediately accepted, were recounted to Detectives Thibault and Martin of Montreal.

The man had hired a cab with the intention of asking the first girl he happened to meet to marry him. He said that he had come from Quebec with the determination to find a wife in Montreal. He had been rejected by several ladies whom he had met during the day, and finally the brilliant idea had occurred to him to secure a cab to aid him in the search for a bride.

Driving up St. Dominique street he espied a woman on the sidewalk. The cab was stopped and the swain, politely raising his hat, enquired if the lady would have him for a husband. "Sure," replied the girl, quite unperturbed. To seal the bargain the gentleman gave his fiancée a resounding kiss and a hearty hug. He did more for taking \$250 from his pocket he presented it to the girl, remarking that as she was about to marry him she had better keep his money, as she would be sure to do so after marriage.

The impatient bridegroom urged the prospective bride to go with him immediately to complete the ceremony. She objected to the cab and said that she would go in search of an automobile, so that their nuptials might be celebrated in becoming style. The lady departed, and the man awaited her return surrounded by an interested crowd which had been attracted by the negotiations. After twenty minutes he began to grow impatient. It was just then that the detectives appeared, attracted by the throng which by this time had blocked the sidewalk.

The story was told and the detectives began a search for the missing bride. It was not a long one. In a neighboring cafe the lady was discovered quaffing a quart of beer in celebration of her approaching nuptials. She was still ready to be led to the altar, but by this time her swain had preferred his money to his sweetheart. A compromise was affected.

MOUNTED POLICE PLAN ARCTIC TRIP

Dawson, Y. T., Nov. 12.—The Royal Canadian Mounted Police are getting ready to send an expedition over land for about a year, to Herschel Island, the Arctic whaling and exploration base. They will go by way of Fort McPherson. Several policemen will make the trip from Dawson with dog teams. Preliminary shipment of supplies that will be needed along the road started from Dawson several days ago. The party will take mail arriving here from the coast or other points.

TEACHERS' ASSOCIATION.

The Teachers' Association at its monthly meeting last evening in the Natural History Society's rooms in Union street, enjoyed an interesting programme. W. J. S. Myles was in the chair and there was a good attendance of members in spite of the stormy weather. Miss Dorothy Teed sang a pleasing solo. Miss Francis Vradenburg read a paper on Tropical America, which had been written by Miss Emma Fairweather. Miss Lillian Clark played a piano solo with much artistic skill and Miss Payson read a paper on the West Indies. Both papers were well written and contained a mine of interesting information. Some routine business was transacted.

Pleases the Men

Every man appreciates the difference when his linen and woollens have been washed with Sunlight Soap. They are snowy-clean and fresh like new. He likes his wife to have the freedom from toil and the leisure that a Sunlight wash-day brings. He knows that an absolutely pure soap—Sunlight—must be more economical than common soaps.

Insist on getting the Soap you ask for—SUNLIGHT SOAP.

"Makes home more homelike"

"The Phonola is real company." "It makes home more homelike." People praise the PHONOLA in these terms because its music cheers them while they go about doing their household during the day. When the children are restless it amuses and educates them; when company calls it entertains. The

with its Angelus Aluminum Reproducer has revolutionized sound reproduction.

PHONOLAS play any make of record and are made in eight sizes. A size for every home and pocket-book. No increase in price and no tax.

Ask your dealer to show you a PHONOLA and play a PHONOLA RECORD. If he does not handle them, write us for booklet and prices.

Heavy Work a Real Test

NO men give overalls harder usage than those engaged in the work of loading and unloading. Their work clothes are scraped and rubbed and strained during the whole day. They find ordinary garments last no time, but

KITCHEN'S "Railroad Signal" OVERALLS

wear for long periods without showing holes in front or legs or seat, where the heavy friction comes. The buttons can't be worn off, the seams are wire-strong and the points of hard usage are double and triple reinforced. "Tough as whipcord," is what the man who does the roughest kind of work always says of Kitchen's. MADE ONLY BY
