### GERNERAL PAU VISITS HOUSE OF COMMONS

Ottawa, Feb. 28.—The house today was favored with the presence of General Pau. As is usual with distinguished visitors, General Pau and the members of the French mission with him occupied seats on the floor immediately to the right of the speaker's chair. They came in just before adjournment, while the debate on the address was still in progress. Curiously one of the French-speaking members from Quebec, Mr. Ethier, of Two Mountains, had the floor and he was launching forth an attack on prohibition.

The half-empty house rapidly filled as the distinguished soldier, wearing his simple service uniform, was escorted to his chair. On all sides, members immediately rose and gave three enthusiastic cheers. The general bowed an acknowledgment and Mr. Ethier paused in his attack on prohibition to make graceful reference to the visitor.

Then, seizing the physiological moment, he continued in French to the high amusement of his French-speaking colleagues.

"Is it fitting," he asked, "that at this time we should thus annul the commercial treaty concluded between France and Canada? Is it fitting that at this stage that the importation of French wines should be stopped or even curtailed?"

Mr. Ethier did not pursue his argument. He adjourned the debate and the house being adjourned a moment later, members were in turn presented to the general.

Earlier in the debate, W. F. Cockshut, of Brantford, made reference to the contentious subject of the tariff.

"If you are going to rip up the tariff now when the boys are coming home," he said, "we shall have in Canada not unemployment but stagnation."

Mr. Cockshut thought, however, that the only way to arrive at a satisfactory tariff was by compromise.

From opposition benches, Mr. Duff, of Lunenburg, criticized the government for what he termed unnecessary expenditures. In this connection he specially mentioned the Canada Food Board, the Department of Public Information, and national registration under the Canada registration act.

FORMER GERMAN EMPEROR SAYS HE IS IN DEBT ALLOWANCE FROM BERLIN

Weimar, Thursday, Feb. 27.—(By the Associated Press)—The former German emperor, it is learned from competent sources, recently appealed to the German revolutionary government for money. It was said in his behalf that it was impossible for the former emperor to continue living upon the bounty and good will of the Dutch nobleman in whose castle he now resides.

Herr Hohenzollern, it is said, declared he already had been forced to borrow forty thousand guilders from his host and could not continue as a debtor. He asked that he be allowed at least a portion of his private fortune.

The government, after considering the matter, agreed to the former ruler's request and instituted a detailed investigation to determine what portion of the former emperor's supposed fortune really was his and what portion belonged to that the former ruler might legally claim seventy-five million marks as his own, but the government decided to allow him temporarily only six hundred thousand marks to meet present indebtedness and future expenses.

The correspondent's informant, in calling attention to the development, declared it put an end to rumors that the former emperor had been able to take large sums of money with him when he fled into Holland.

McAuliffe, and held in the society rooms yesterday morning, it was reported that \$210 had been donated to the society by the Commercial Travelers as their Victory loan earnings and \$218 had been netted in the sale of a Liberty loan bond. RED ROSE TEA is good tea

WE were among the first to put up tea in sealed packages.

We were the first to use automatic electric weighing machines so as to insure accurate weights.

We were the first to make known the qualities of the now world-famous ASSAM teas.

And we are now the first to adopt a new package for the better protection of these fine quality teas.

The lead package has served its purpose well for generations, but it was easily broken or torn, allowing not only a loss of tea from the package but exposing the tea to the air, odors and dust that it was so necessary to protect the tea against.

Our new package—the waxed board carton—is stronger, more secure and more completely air tight; altogether the best container for tea that has yet been devised.
