ALMOST BLIND FROM HEADACHES

It is hard to struggle along with a head that aches and pains all the time. Headache seems habitual with many people; indeed, some are seldom, if ever, free from it, suffering continually, and wondering why they can get no relief. In some cases, it is due to a perturbed blood, the blood being rendered impure through the action of the stomach, liver, or bowels.

The reason Burdock Blood Bitters makes a difference in all cases of headache, is because it starts the organs of elimination acting freely, and the poisons and impurities carried off from the system, purified blood circulates in the brain cells, and instead of pains and aches there is revived mentality and bodily vigor.

Mrs. Geo. Monck, Arden, Ont., writes: “I have been troubled a great deal with sick headaches, and at times would almost go blind, and have to go to bed. I tried different kinds of medicine without any benefit until I was advised to use Burdock Blood Bitters. After taking it, I have not been troubled since.”

B. B. B. is a purely vegetable remedy, and has been manufactured for the last forty years by The T. M. M. Co., Montreal, Toronto, Ont.
