MORNING NEWS OVER THE WIRES

Sir Charles Fitzpatrick has resigned the chief justiceship of the supreme court of Canada and has been appointed lieutenant-governor of Quebec. The vacancy of chief justice has been filled by the appointment of Sir Louis Davies. The Mount Royal tunnel has been completed and the first train of the Northern Railway passed through yesterday from Montreal to Ottawa and Toronto.

Phil Mackay, who was in charge of the ill-fated steamer Mont Blanc which caused the terrible explosion in Halifax,

has been appointed to command the pilot steamer Bayfield.

The Irish steamer Dundalk was torpedoed in the Irish Sea last week and only thirteen out of a crew of thirty were saved. The Hopewell post office, one mile from Hopewell Hill, has been changed to Sherbrooke, the change to take effect from Oct. 1. The name is somewhat historical, but opinions differ as to the origin.

City officials have received an offer of a large quantity of Albertite shale and are considering whether or not they will accept it.

How Is Your "Culebra Cut"?

The Panama Canal is a clear passageway as far as the Culebra Cut. But Gold Hill has a way of slipping into the cut. And until dredges can clear the channel, the industrial schedule of the world is out of gear.

How about your own canal? The intestinal canal is a clear passageway as far as the large intestine. There, if you become constipated, waste matter is allowed to stagnate. It becomes unhealthily dry and undergoes abnormal fermentation and putrefaction. Germ activity is increased. Your whole system is out of gear. Result, the production of irritating and poisonous substances, which are absorbed into your blood and carried all over your body, liable to produce disease anywhere. The longer such stagnation is allowed to exist, the harder it is to clean out the canal. 90% of human disease originates in the "Culebra Cut."

If engineers tried to blast out the slide from Culebra Cut they would have more slides to cope with. If you try to blast out accumulated waste from your Culebra Cut with pills, salts or purges, you will increase your constipation—and next time you will have to take stronger medicine in a larger dose.

You can't dredge your canal. You can clean it out with Nujol. Nujol softens the mass, and supplies the intestinal canal with sufficient moisture to replace deficient mucus. It causes the obstructive waste matter to pass gently out of your system at a regular hour, absorbing and removing the poisons as it goes. Nujol regularly keeps the traffic of your mind and body operating on schedule.

You admire the Panama Canal system. Why not safeguard your own? Your druggist has Nujol.

Warning: Nujol is sold only in sealed bottles bearing the Nujol Trade Mark. Imitates Nujol. You may suffer from substitutes.

EXPENSIVE, BUT IMPROVING.
(Cleveland Plain Dealer.)
The war is costing Great Britain \$25,000 a minute, and is beginning to be worth the money.

FREIGHT HANDLERS WANT MORE MONEY

A meeting of the Railway Freight Handlers' Union was held in Temperance Hall, in West St. John, yesterday and a discussion was held regarding the wage schedule set by the C. P. R., which offered the men forty-three cents an hour for an eight-hour day. The men contended that this was not enough to meet present day expenses and a committee was appointed to await on the officials of the company and endeavor to reach a schedule of fifty-five cents an hour or a compromise whereby the men would be granted more than forty-three cents an hour. The same committee was empowered to meet officials of the Workmen's Compensation Board and discuss a rate which might govern the members of the union.

SOME SURPRISES COMING.

(New York Tribune.)

If there is a league of nations after the war Germany will not sit at the head of the council board or figure arrogantly as of yore in its proceedings. She will enter it abashed and chastened, if she enters it at all. Germany's sins are as scarlet. The leper she has become must be quarantined until both soul and body are cleansed. There are, therefore, some marvelous surprises in store for German leaders who think that after the war all that Germany has to do is to appear again in the company of other nations, crying light-heartedly: "I have forgiven myself. Look to it, therefore, that all the rest of you grant me forgiveness."
