DYKEMAN'S Ladies' Coats

A fortunate forecast placed us in an enviable position among handlers of Ladies' jackets this year. Two years ago we did not carry over a single coat. One year ago when we considered the season closed we had one coat and the head of the department was instructed to get rid of this even if she had to give it away, so that we would be left to start this season with no left overs. In view of the success of former years we believed that we could sell more coats if we made a bold move, consequently our orders were doubled for this season. This has had the stock to meet the demand while many other stores have had to rush round from factory to factory to take whatever was left to replenish their stocks with.

This accounts for the excellent style of Coats you will still find on sale at our store and the marvellous low prices that prevail considering the immense demand for coats.

It Should Require No Argument

To convince people that a good article costs more than a poor one, and a Heintzman & Co. make the very best piano, they cannot compete with many others on a mere question of price.

Whoever purchases a poor piano merely because it seems to be cheap does so with a mortifying sense of distrust in his bargain.

WHO OWNS THE LIQUOR? Liquor License Inspector Jones and Deputy Jenkins yesterday made a seizure of liquor in a shed at Res's Point. Several complaints had been received in regard to persons selling liquor illegally around the wharves in the vicinity of the point on Sundays, so the inspector with the deputy paid a visit to the point yesterday afternoon. In a shed owned by the city, they found liquor in several kegs and whisky. The liquor was concealed under a boat. There was no one around at the time and it was impossible to get a clue as to the owner of the liquor.

KNIGHTS HOME FROM MONCTON; MORE WILL RETURN TOMORROW

Some twenty members of the local council of Knights of Columbus who attended the exemplification of degrees in Moncton Council 1310 yesterday, returned home in their special car this morning. They left St. John at noon on Sunday, arriving in Moncton at 3:30 o'clock in the afternoon. The third degree was exemplified very successfully in the evening by Past State Deputy Mahoney, and his staff, of St. John Council, before fifty candidates. The first degree was put on at 2:30 o'clock the second at four o'clock by Moncton Council degree team.

Many visiting knights from Chatham, Richibucto, Amherst, Halifax and other places attended the degree work. After the ceremonies an impromptu reception was held and light refreshments were served. Tonight the members of the Moncton Council are to entertain their friends at a ball which is to be held in the Catholic hall. Several of the St. John and other visiting knights remained for the dance and will return home tomorrow. There was general praise for the enterprise of the Moncton Knights in providing such comfortable quarters as were found in their building and for their hospitable reception of the visitors.

FORMER PRESIDENT OF GIRL'S CLUB IS NOVEMBER BRIDE

An interesting event took place this afternoon at three o'clock in the rooms of the Girl's Club when one of the young women who has been active in the organization, Miss Christine Miller, was united in marriage to Otto Schleicher. The rooms were nicely decorated with flowers sent by Messrs. Pederson and Cruikshank. The ceremony was performed by Rev. L. A. McLean in the presence of a large number of ladies who were responsible for the formation of the club, and have been instrumental in its progress. They presented to the bride as a token of esteem a handsome china tea set, and it was also an appreciation of her services as president during the last year. The bride and groom will make their home at Pleasant Point.

MANITOBA FLOUR DOWN 25 CENTS

Another decline in the price of flour took place today. Manitoba was down twenty-five cents. There was no change in the price of Ontario patents, but these went down a short time ago and there is still quite a difference in the quotations of each. The indications are said to be at present that flour will be one of the most reasonable staples upon the market this year, and as it is so much of a household necessity as to merit the term "the staff of life," this will be cheer-ful news to housewives, those with large families in particular. The scare which was caused at the start of the Balkan-Turkish complications is not felt so strongly now.

News of the wreck of the three-masted schooner E. Merriam, bound from St. John for New York was received today. The crew are safe. MORE REVENUE FROM MARKET

Some Matters of Tolls—Appointment of New Clerk and Special Officer

The appointment of David W. Belyea as clerk of the market was today recommended to the council by Commissioner McLeelan, and will be confirmed this afternoon. The commissioner also asked authority to employ another man as a special officer to aid in the collection of the market tolls. The council is believed that sufficient additional revenue can be secured to more than pay for the extra officer. During the interval between Mr. Dunham's death and the appointment of his successor, Harry McFadyen has been acting as temporary clerk, and Commissioner McLeelan has been giving considerable time to the personal oversight of affairs in the market. At the meeting of the commissioners this morning the market tolls were under discussion and a revision of the schedule may follow.
