NICKEL'S MONDAY PROGRAMME.

"The Spy's Defeat" is a thrilling novel story of the Franco-Prussian war. It is the first of the Zeeman's multiple reel of films and is heralded by the trade as one of the best things yet in the line of war stories. All the star performers of the Zeeman's participate. The Nickel's specialty feature will be Kennedy & Kramer, a blackface duet—lady and gentleman—that has been causing a furore in Bangor for over a week.

SUGAR EASIER

A drop of twenty cents took place this week in the price of sugar but no change was recorded in the other grades. Although new molasses has been placed on the market and there are reports of excellent crop conditions in Barbados, yet this commodity has advanced. It is not believed, however, that the advanced rate which blew her out to sea, and it took her eight days to recover from her loss.

THE EDNA M. SMITH.

The British bark, Edna M. Smith, Captain Read, arrived at Mobile, Ala., on the 22nd inst. in ballast from Barbados. She sighted Port Antonio light on the 14th, but soon afterwards ran into a fierce gale which blew her out to sea, and it took her eight days to recover from her loss.

LEGEND OF NATURAL BRIDGE

At a height of 215 feet, the Chequamegon bridge known all over the world, built of solid rock 40 feet thick, it spans the creek. It is a great natural wonder. The Mohican tribe of Indians called it the Bridge of God and ascribed to it this supernatural origin.

Once upon a time it happened that the Mohicans were at war with a hostile tribe of Indians. The fight was hot, and a valiant soldier made against their foe. But at last the Mohicans were forced to give way and to retreat. On and on they went, the whole tribe with their women and children, and the enemy behind them. Finally they came to a precipice. Below yawned a cavern, wide and deep, and no way to cross or means to escape was anywhere to be seen. Perilous and helpless indeed was the plight of the Mohicans. They were ready to give up and submit to the cruel fate that was pursuing them. Then a wise man of the tribe spoke. "My children," he said, "go down upon your knees and pray to the Great Spirit above, who alone can save us from our misfortune."

All in a body they obeyed the words of the old medicine man. Long and hard they prayed. When they finally lifted up their heads, lo, there stood a mighty bridge. Across it they now led the women and children, and then turned upon their foe, who were close at hand. They gave the enemy a hard battle and finally repulsed and defeated them. In gratitude to Manitou, the Great Spirit of the world, they named this bridge the Bridge of God. Celis K. Knisk, in Kansas City Star.

HEADACHES!

Headaches are often due to some form of eye trouble requiring glasses as the only remedy. Other disorders arising from an over expenditure of nerve-force, occasioned by defective eyes, are entirely cured by removing the original source of the trouble. We make a specialty.

ST. JOHN YOUNG WOMAN

SAVED IN THE FLOOD;

BUT HOME IS LOST

Joyous news was received this morning by Mr. and Mrs. Henry Penrose of 655 Main street in a telegram from Miami, bringing the glad tidings that their daughter, Mrs. Robert Taggart, who has been residing in Dayton, Ohio, had been saved with her husband, though they had lost their home and all their household effects. Mr. Taggart is a prosperous tobacco manufacturer and has visited St. John on different occasions. Mrs. Taggart is a former St. John young lady and was last here about Christmas.

REPORT OF SHOOTING

AT SAINT MARTINS

A telephone message from St. Martin this afternoon brings word that a woman named Davis had made an attempt at suicide by shooting herself but particulars as to whether the wound proved fatal could not be ascertained.

LATER

A later message says the woman is dead. The bullet entered her neck.

NEW BUILDINGS

Rapid progress is being made by the contractors in preparing the site for the new post office. The Bayard building is being dismantled and the most of the interior has been torn out. Workmen are busy excavating the western portion of the site and steam-drill are at work on the rock bottom, while large quantities of the refuse are being carted away.

Excavation work has been commenced on the corner at Orange and Carleton streets on the site of the two-story building to be erected by W. Kenneth Haley. Mr. Haley's plans call for two handsome self-contained brick residences, one fronting on Orange street and the other on Carleton, which will be finished in the most modern style.

The Best Quality at a Reasonable Price

Do Eyeglasses

weaken your Eyes?

Some people think it advisable to put off wearing glasses as long as they possibly can because they say the person who wears glasses becomes so accustomed to them that they cannot do without them.

The truth is that to the person whose eyes are defective glasses give relief by removing the existing strain upon the eyes and no one who has experienced the relief which properly fitted glasses afford, will willingly put them away, and endure the old strained condition.

If your eyes are giving you any trouble, we suggest that you try glasses. Relief from eye-strain is worth something.

GOING AHEAD
WITH SUBURBAN
ELECTRIC LINES

Engineers Will be Here by Next Wednesday — Messrs. Percy Thomson and J. M. Robinson Back From New York

Percy Thomson and J. M. Robinson, who have been in New York in connection with the suburban electric railway project, returned today on the Boston train. Howard P. Robinson, who accompanied them to New York, went on to Toronto.

They had a most successful trip from a business standpoint, and have engaged engineers to begin preliminary work on the suburban line.

These men will arrive in St. John by Wednesday next and will survey the various routes to suburban points over which it is proposed to run the cars. After these surveys have been made, the Suburban Company will decide which of its lines will be built first, and there seems to be no doubt that the enterprise will be pushed forward rapidly.

Work in Charlotte county on the dam for the hydro-electric power cannot be begun until the present frost has subsided. The outlook for progress in suburban railway matters seems to be first class.

BETTER SLAUGHTER

HOUSE FACILITIES

Matter Before Commissioners and Goes to Municipal Council

The immediate necessity for action with regard to slaughter house facilities will be dealt with at the next meeting of the municipal council, on the recommendation of the Slaughter House Commission and the city council.

At this morning's meeting of the city commissioners a report was received from the Slaughter House Commission urging that steps be taken immediately to deal with the situation. They pointed out that the larger slaughter house, on which the city depended for much of its supply, was now out of business, and the property had been purchased for sub-division purposes, and the remaining slaughter house was too small for the demands now made. They emphasized its inadequacy by submitting a list of the number of animals slaughtered during the last year, and mentioned their previous recommendations for improvement in slaughtering conditions.

The commissioners approved of the report, but as this matter lies in the hands of the municipality they passed the report on to the municipal council with an earnest recommendation that immediate action be taken.

Proposing to establish a municipal abattoir with a modern and adequate plant have been made from time to time, and while the city commissioners have not discussed the matter there seems to be a sentiment that this may be the best solution for the problem.

DOUBLE FUNERAL

TODAY FROM HOME

OF ROBERT McAFEE

The double funeral of Roy G. McAfee and his sister, Vera Mildred, took place this afternoon. The bodies were taken to the Mission Church St. John Baptist about 10 o'clock this morning and at 9:30 o'clock Rev. Father Collins conducted requiem celebration. The funeral services were held this afternoon at 2:30 o'clock by Rev. Father Collins. A barge, filled with flowers preceded the hearse and a great number of friends of the boy and girl followed, including members of the Y. M. C. A., High School students and members of the Lawrence Guild, of all which Roy was a member. Among the large number of floral remembrances were the following—Cross of white roses from the members of the Guild of St. Lawrence, wreath of lilacs and white roses from the St. John High School; wreath of roses and lilacs from the members of the Y. M. C. A., crescent from the employees in Mr. McAfee's store, crescent from girl friends, crescent from boy friends, crescent of white roses from the boys of the club.

The funeral of Mrs. Mary McAfee took place this morning at 10 o'clock from the home, 1000 Main street, where interment will be made.

LAY OUT CITY LANDS IN

STREETS FOR BUILDING

In response to the demands for land for building purposes, the city commissioners are taking the first steps towards opening up the area owned by the city in Lunenburg for sale in building lots. This morning it was decided to instruct the city engineer to prepare a survey of the land, which extends from the Manawagonish road to the Gypsy Settlement road, and to lay out two streets running parallel to those roads, and eight cross streets. The lots will be about 40 by 120 feet to parallel the Gypsy Settlement road, and perhaps larger on the Manawagonish road. The commissioners will wait until the plans are before them before setting their selling policy or prices.

SAND COVE ROAD FARM

REPORTED SOLD

It was said today that the Murphy farm on the Sand Cove road had been sold to a local syndicate composed of James D. Boyce, H. E. Boyce, and J. B. Mahoney, all of this city. The deal was put through by H. W. Robertson. The property is a valuable one, containing about twelve acres. It has been owned by Daniel Murphy, of Fairville. The price said to have been paid was in the vicinity of \$12,000.
