RUSSIA AND JAPAN

Tokyo, July 19.—It is officially denied here that a new Russo-Japanese convention is to be entered into. There is reason to believe that while there will be no convention or treaty between these two powers, a complete understanding has been reached regarding the future spheres of influence of Russia and Japan in Manchuria and Mongolia, emphasizing and somewhat enlarging the scope of the previous entente.

A DRAW IN WINNIPEG

Winnipeg, July 19.—Hilliard Lang of Toronto, waterways champion of Canada, and Elroy Brewer, of Kansas City, aspirant for the world's championship title, fought twelve rounds to a draw here last night. TENDING TO INCRIMINATE THE POLICE

Bit by Bit New York's Sensational Murder is Being Cleared

NOW SEEK GUN FIGHTER

Authorities Want to Find Schappes—Automobile Owner Ready to Tell More But Will Talk Only to the District Attorney

(Canadian Press) New York, July 19.—The murder plot that brought Rosenthal to his death, that the gambler might tell no tales against his kind, or against grafting policemen, is today being hourly brought closer to the police system.

William Shapiro, part owner of the "murder car," is giving the public prosecutor, bit by bit, information that strengthens the belief that the slaying of Rosenthal did not spring from the emity of a gambler's clique. Shapiro admits that when his motor car was engaged he was told that policemen had knowledge of what was going to happen, and that nobody was in any danger.

LEARNER OF GUNFIGHTER

"Bald Jack" Rose, gambler and a friend of police Lieutenant Becker, who framed himself to the police, has given the name of a gambler and a gun fighter who was in the car the night that Rosenthal was shot. His name is Schappes, and detectives are scouring the town for him.

What Rose told Deputy Police Commissioner Dougherty makes the police official quite anxious to know more about "Bald Jack" Rose, a pool-room keeper and friend of Rosenthal. Rose said that when he left the murder car up town, he dropped in on Webber but later it appeared that Webber turned up at the Hotel Metropole just before Rosenthal was shot, and shook hands with the gambler. Webber was also seen at the hotel after the shooting.

Police Lieutenant Becker has been told which have been taken place lately at the excellent evidence of the substantial nature of the upward movement in local property. This is especially noticeable in the summer months.

A conference of employees was held yesterday, but no announcement was made.

DISAPPOINTMENT NOW IS FEELING IN LONDON

Criticism of Borden in Empire Capital Becomes More Apparent

No Policy and Nothing Decided Until After Return to Canada—Demand Made on Mother Country Opens Way For Many Difficulties

(Special Cable to Times) London, July 19.—While English appreciation of Hon. Mr. Borden's attitude continues, the note of criticism is now becoming more apparent, semi-official announcement yesterday that no details of a Canadian naval plan can be given until the return of the ministers to the dominion in September has caused real disappointment. The public here hoped for some statement in R. Hon. Mr. Churchill's speech next week.

The feeling grows here that if Borden insists upon an imperial council as a condition of a naval gift, innumerable difficulties will arise and delays may be indefinite. The public here is willing largely to be guided by the desires of the dominions, but each day of more intimate discussion of the council idea here helps to convince British politicians that a real council with executive powers would involve a fundamental revolution in imperial relationships. Canadian representation on the council of imperial defence might be more easily accomplished, but it would be of little actual value, each council having no real power.

FIVE BRUSSELS STREET PROPERTIES ARE SOLD

Real Estate News of Today—St. John Men Interested in Montreal and Halifax

The number of transfers of real estate which have been taking place lately at the excellent evidence of the substantial nature of the upward movement in local property. This is especially noticeable in the summer months. Transfers of the following properties have appeared on the records of the registry office:—

Trustees of J. H. Peters to Socii Brothers, property in German street. The Halifax Recorder says:—Halifax House property in Union street. Mrs. Mary H. Thompson to J. F. Pier, King street, Carlisle. H. W. Frink has purchased from Mrs. Mary I. Sheraton a property at Robb's.

Local opportunities are not abounding all the money available for investment here. One of the latest outside projects in which St. John money is being placed is an apartment house in Montreal, which was taken over by a syndicate formed by a couple of local men with quite a large number of other St. John investors.

NEW WATER MAINS ON THE WEST SIDE

Plans for renewals of water mains in Carleton were approved today by the city commissioners, sitting at the board of water and sewerage. Tenders will be called for the work immediately. Part of the new work is to be done in Queen street between Watson and Victoria streets where a fifty-year-old four inch cement pipe is to be replaced by a ten inch iron pipe. This is for the purpose of not only improving the service along Queen street but also to give a better supply for the warehouse at Sand Point. The other renewal is in Watson street, between Charlotte and Winslow, where an old six-inch cement pipe will be replaced by a twelve inch iron main.

MYSTERY SOLVED

The mystery of the finding of an empty rowboat, left's hat and boots at Millidgeville has been solved. Those interested have returned home safely and there is no further cause for fear. The occupants of the boat were a brother and sister from a point up river a short distance and they set out on Tuesday afternoon to visit some friends at an L. C. R. summer resort. They were caught in heavy rain while on Millidgeville and put ashore. The empty boat later drifted away and then went ashore again, but there was no occasion for fear as the brother and sister were by the time at the home of a friend and worrying little about their adventure. Last night they returned home.

(Canadian Press) London, July 19.—The king and queen, accompanied by several members of the royal family, gave a monster garden party on the east lawn at Windsor Castle yesterday afternoon. Among the 10,000 invited guests were peers, princesses, members of parliament, representatives of the church, navy, army and learned societies, besides many Canadians, who were very much in evidence. REDMOND WAS NOT STRUCK BY HATCHET

Ear Cut When His Head Was Jammed Against Hotel Door in Crush—The Suffragettes

Dublin, July 19.—On the arrival of the prime minister in Dublin last night, when a hatchet was thrown at his carriage, it was at first reported that the weapon struck John E. Redmond, the Nationalist leader, on the head, but this proved to be erroneous. Mr. Redmond was slightly injured while entering the Gresham Hotel, where the crash was so great that his head was jammed against the door. When he appeared on the balcony with the prime minister, it was seen that his ear was bleeding, and it was supposed that this was due to a blow from the hatchet.

WILL NOT HAVE TO TEAR DOWN THE STATION WALL

It will not be necessary to tear down the wall of the Union Depot on which workmen have been busy for the last few weeks. The wall has been strengthened and it has been said by experts that with some further repairs it will stand as it is for years to come. It was at first thought that it would be necessary to entirely remove the wall and substitute pillars of iron which would leave a clear covered space over the four tracks, and would really bring track No. 4 inside the station but since the wall has been made plumb, this will not now be done.

FRASER RIVER CATCH NOT SATISFACTORY

Vancouver, B. C., July 19.—Returns so far show that the salmon catching season on the Fraser River has not been very successful. Trap catches last night were fair but the seiners got next to nothing. One cannery yesterday took a catch of 3,000 fish, but the majority of the plants got not more than 1,000 each, which is not more than a tenth of their capacity.

SHARP CONDUCTOR IN NOVA SCOTIA CAPTURES BURGLAR

Truro, July 19.—A clever capture was effected here yesterday afternoon whereby a man named Milton was taken into custody on charges of the burglary of the warehouse of the Atlantic Lumber Company at South Maitland last Friday night. Conductor McColl of the Midland train noticed a man at the Truro station acting suspiciously and investigation showed that he had two suit cases which were like some of those stolen at South Maitland. He telephoned to South Maitland and the services of Detective Kennedy of Halifax were enlisted, with the result that Milton was arrested and later made a full confession for the crown, and A. L. Evans was appointed to defend the prisoner. It is likely that the plea of insanity will be entered.

TABLETS RECALLING THE NIAGARA TRAGEDY

Toronto, July 18.—Eldridge Stanton's memory as well as that of Durrell Hancock's is to be commemorated as that of a hero.
