CHEERING NEWS FROM NEW BRUNSWICK POINTS ON THE OUTLOOK FOR TOMORROW

Moncton, N. B., Sept. 20.—Liberal outlook in Westmorland indicates a great victory for Emmerson. From every part of the county comes cheering indications.

From Albert county comes the cheering news that Fowler's campaign has collapsed and Albert county will roll up a large majority for Dr. McAllister.

Hon. O. J. LeBlanc, speaking for Kent, told your correspondent that the Liberal outlook was for a large majority.

Fredericton, N. B., Sept. 20.—(Special)—Friends of reciprocity in York have put up a great campaign, and are looking forward to the result with the fullest confidence.

Dr. Albertson will take a record-breaking majority out of Fredericton, and he stands to make big gains in all parishes on the western side of the river. In the last election Crockett had 800 majority, but there were 1,400 votes unpolled. The Liberals can win tomorrow if the vote can be got out.

Mr. Fraser calls the Gleaner correspondent a raw product and advises him to vote for reciprocity candidates. "Reciprocity," he says, "is a good business proposition, and it will be such a boon to the province and especially to the farmers that I cannot see why anyone should oppose it."

On Monday the Fredericton Gleaner published an alleged despatch from Fort Fairfield which stated that potatoes were selling at 90 cents a barrel and that there was little demand at that figure. This morning the Mail sent a telegram of enquiry to Presque Isle, and received the following reply: "Mail Pub. Co., Fredericton, N. B.: We are paying this morning for cobbler potatoes \$2 per barrel; Green Mountains \$1.40 to \$1.50."

Jack Beattie was this morning sentenced to six months jail for stealing \$100.

RAIL MAKERS OF BIG WELSH FIRM STRIKE FOR HIGHER PAY

Dowlais, Wales, Sept. 20.—Two hundred rail-makers employed by Guest, Keen & Nettlefolds, Ltd., one of the largest of ironmasters in the United Kingdom, with a specialty of rails and railroad material, struck yesterday. They demanded twenty-seven shillings a week, instead of their present wage of fifteen shillings.

A number of other men employed by the same firm went out in sympathy and altogether some 800 men quit work.

LAST MINUTE WORDS FROM MANY PLACES

Ottawa, Ont., Sept. 20.—Capt. Bernier's steamer Arctic on an exploring expedition has arrived at Point Aconi on the Labrador coast and is due soon at Sorel.

New York, Sept. 20.—It is said that at least two or three hundred thousand dollars will be needed to defend John and James MacNamara, accused of dynamiting and so far only \$100,000 has been subscribed.

Detroit, Mich., Sept. 20.—No street cars are in operation here. The 1250 employees of the street railway company asking for an increase to 25 and 30 cents an hour, have struck yesterday.

New York, Sept. 20.—It is thought that Abe Attell will be facing a hard proposition when he tries to down Mat Wells, the English lightweight. Attell will concede fifteen pounds.

New York, Sept. 20.—Dr. Wiley's inspection force has laid charges against a Jersey rendering plant, claiming that it shipped to Europe for consumption there, "spiced horsemeat," unfit to eat.

Halifax, N. S., Sept. 20.—A message from the light keeper on Scatterie Island in the New Brunswick Boreas is ashore at Main a Dieu, Cape Breton. Eleven of the crew have been rescued. Five are still on board.

PLANS FOR RAILWAY WORK AT HAMPTON

Plans and specifications for the railway branch from Hampton Station to Hannington Village are now at the office of L. R. Rose, superintendent of terminals, Union Station, where they can be seen.

JAMES BILSWORTH The death of James Bilsworth occurred yesterday afternoon at his home in Broad street. He was employed with the Eastern Steamship Co. on one of their boats, running between Portland, Me., and Boston, and came home on a visit about a week ago. He was taken ill and died yesterday. He is survived by his wife, one son, James, and two daughters. The funeral will take place tomorrow afternoon at 2:30 o'clock.

AT ONCE—Men wanted to learn Barber trade; expert instructions; constant practice; tools free; always safe employment for a barber; write for particulars H. I. Greene Barber College, 784 Main street, corner Mill street, St. John, N. B. 1903-11.

ALL FOUR MEN FROM P. E. ISLAND

Charlottetown, P. E. I., Sept. 20.—The Liberals are confident of carrying all four seats tomorrow. The Conservatives hope for gains in Charlottetown but the city in the last few days is looking better than ever for the Liberals. In Kings Fraser, the Conservative with a majority of 195 in 1908 is having the right of his life with the tide running strongly in favor of Hughes, his Liberal opponent.

A LITTLE FLOOD The cellar of the Union Station is filled with water resulting from heavy rain and the choked condition of the sewer. Men are at work with powerful force pumps today, while an effort is being made to locate the trouble with the sewer. It seems that when the C. P. R. were filling in their recently acquired property, they constructed a temporary wooden sewer to carry off the water at the mouth of the brick sewer. It is thought that the weight of the material dumped in has caused the wooden sewer to cave in. The cellar of the depot being on a low level, as a result, caught the surplus rain water.

RECIPROCIITY WILL MAKE POPULATION DOUBLE WITHIN TEN YEARS

Fredericton, N. B., Sept. 20.—(Special)—Donald Fraser, the well known lumberman in a letter to the Mail makes an effective reply to some criticisms of an anonymous writer in the Gleaner on Tuesday. He says in part: "The writer of this letter tries to ridicule my opinion that if reciprocity goes the population of the maritime provinces will double in ten years. I am still of the same opinion and realize that much will depend on the action of our local government."

"My firm's exports to Great Britain are only about two per cent. of the total. Seventy five per cent. of our manufacturers goes to the United States which is the natural market for our products. Of this seventy-five per cent are finished products in the shape of shingles, clapboards and planed lumber. My firm, believe, put as much work on the lumber they manufacture as any concern in the trade and pay the highest wages to their employes."

Mr. Fraser calls the Gleaner correspondent a raw product and advises him to vote for reciprocity candidates. "Reciprocity," he says, "is a good business proposition, and it will be such a boon to the province and especially to the farmers that I cannot see why anyone should oppose it."

A BIG RALLY IN FAIRVILLE THIS EVENING

The Liberals will hold a big rally in Fairville tonight at 8 o'clock. The speakers will include Dr. Silas Alward, E. H. MacAlpine, W. J. Mahoney, Dr. T. H. Lunney and the candidates. This will practically be the last meeting before election day, so doubtless a large crowd will attend.

Dr. Lunney and Hon. F. J. Sweeney heard in stirring addresses.

A grand rally was held last night in Fairville in the interest of Col. McLean, the Liberal candidate in Queens-Suburby. The attendance was very large, and the speakers, Dr. Thos. H. Lunney and Hon. F. J. Sweeney, were given a very hearty reception.

Dr. Lunney held the wraps attention of the audience for an hour and a half, and both the doctor and Mr. Sweeney had the closest possible attention throughout their able discourses. Dr. Lunney traced the history of reciprocity from 1854 until the present time, relating the efforts of the parties and great statements to secure it for the benefit of the people. He referred to the many leading Englishmen who were in favor of the trade agreement, particularly the British Ambassador, Lord Lyons, who was strongly in favor of its ratification, and did not fear any disloyalty. Dr. Lunney was warmly applauded and gave an ovation as he finished.

Mr. Sweeney's address was equally effective. He referred to the reciprocity agreement at the crowning effort in the success of the Liberal government's administration. To the Liberal government show what the people of Canada thought of this fight of the masses against the classes, and he firmly believed that the results would be entirely in favor of the party and the Laurier government would be re-elected and he firmly believed that it would be advantageous to New Brunswick, and particularly to the farmer, and was frequently applauded and given an ovation as he finished.
