

REPORT OF WILLIAMSVILLE SABBATH SCHOOL.

There is nothing new to report in connection with this school. The number of Teachers and Scholars remains about the same. The only thing to remark is the regularity with which some of the scholars attend, especially in winter, when we have rather a cold and comfortless room to meet in.

Superintendent.

REPORT OF BARRIEFIELD SABBATH SCHOOL.

During the past year this school has continued to prosper, although the attendance of scholars during the past few months has not been so large as it was last winter.

It is felt that the school might be made more efficient if more resident teachers could be obtained, who could visit the children in their homes, gather in those who do not attend school, and cultivate more intimate personal relations with their scholars, than teachers can do who are non-residents. At present there are only two teachers in the school who live in Barriefield, the remaining three reside in Kingston.

The scholars have frequently expressed a wish to have a library, the want of which has been felt for some time, but it has not been supplied, partly for want of the necessary funds, and partly because of a doubt in the minds of the teachers regarding the benefits to be derived from ordinary Sunday school literature.

The school continues to co-operate with Mr. T. F. Harkness, C.S.I., and the Portsmouth School, in the support of an orphan in India.

The average attendance during the year has been forty.
