

period she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body: and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By persevering with the medicines for a short time longer, according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health.

I remain Dear Sir, yours truly,

Dated Aug. 12th, 1852.

(Signed) J. NOBLE.

AN ASTONISHING CURE OF CHRONIC RHEUMATISM AFTER BEING DISCHARGED FROM THE HOSPITAL INCURABLE.

Copy of a letter from Mr. W. Moon, of the Square, Winchester.

To Professor HOLLOWAY,

Sir, — I beg to inform you that for years I was a sufferer from Chronic Rheumatism, and was often laid up for weeks together by its severe and painful attacks. I tried every thing that was recommended, and was attended by one of the most eminent Surgeons in the town; but obtained no relief whatever, and fearing that my health would be entirely broken up, I was induced to go into our County Hospital, where I had the best medical treatment the Institution afforded, all of which proved of no avail, and I came out no better than I went in. I was then advised to try your Pills, and by persevering with them was perfectly cured, and enabled to resume my occupation, and although a considerable period had elapsed, I have no return whatever of the complaint.

Oct. 8th, 1852,

I am, your obliged Servant.

(Signed) W. MOON

*Holloway's Pills* are the best medicine now on sale in the British Colonies, the ingredients of which they are composed are so uninjurious, that they cannot harm the most delicate constitution. To valetudinarians they cannot fail to be of the utmost service, being composed entirely of medical herbs, the production of a person who has made it his study to alleviate the ills to which the human family are subject; they must, therefore, be hailed with delight, as supplying a want long felt in this country.

These Medicines are in Pots and Boxes, at 1s, 2½d., 2s 9d. 4s. 6d., 11s., 22. and 33s. each. There is a considerable saving in taking the larger sizes.
