

A BOLD STEP

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broad-cast and openly to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines.

Thus Dr. Pierce has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merits and placed them in a class all by themselves by making them remedies of known composition. By this bold step Dr. Pierce has shown that his formulas are of such excellence that he is not afraid to subject them to the fullest scrutiny.

Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, torpid liver or biliousness and all catarrhal diseases wherever located, have printed upon it in plain English, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing in the strongest possible terms, each and every ingredient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same.

As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. Sold by all dealers in medicines.

THIRTIETH DAY OF RACE MEET

HALF TIME PASSED AT WILLOWS TRACK

Good Sport in the Different Events Yesterday Afternoon.

(From Saturday's Daily.)
The Victoria Country Club race meeting yesterday reached its half way mark and celebrated its thirtieth day by a world's record for half mile tracks when Fantastic repeated and in the fourth race over one and a sixteenth miles registered 1:48 3/8ths, the fastest time the distance has ever been done on a regular half mile track in the world. The record for the Willows over the distance was 1:51, made last year by ridden by Archibald. He kept the horse second to Capt. Burnett till the three-quarter post, and then went to the front. Fantastic had more pace and increased his distance by a moderate length and a half. Johnstone beat Burnett for the place, and the latter just saved in the money by a nose from Mill Song.

THE GINGLES CASE.

Chicago, July 8.—Declaring that he considered it his duty to his family, his friends and himself to clear his name, Tom Taggart appeared at the criminal courts early to-day and went on the witness stand in the trial of Ella Gingles, the pretty Irish lace maker, accused of stealing lace from Miss Agnes Barrett, her former employer. Taggart said that she had been printed about him in connection with the case he felt it was necessary to show that he was not implicated in the affair.

Taggart was represented in court by John Kern and James Hamilton Lewis. The famous politician said that he was 55 years old and described the various political positions he had occupied in the course of his career. He said that he knew Miss Barrett, that he became acquainted with her when she kept a shop at his hotel at French Lick Springs. He declared that he was not in any manner concerned in the Gingles' case, and said that he conducted a hotel from which he excluded all questionable characters.

"I know nothing of the charges made by Miss Gingles, and am not interested in her in any way," he said in connection with the fact that the girl had testified that when she was attacked by Miss Barrett and her friends in the Wellington hotel, she had heard them mention "Tom Taggart's French Lick Springs hotel."

"I never knew anything about Ella Gingles until I read the accounts of her arrest in the newspapers," said Taggart. Dr. Watson, a physician at the Wellington hotel, testified that he found Ella Gingles in a bath room of the hotel after she alleged she had been assaulted. He said that the "cuts" she referred to were merely scratches, and that in his opinion she had not been assaulted. He said the girl was screaming when found and appeared to be in a delirium.

FIRMFOOT WAS A SURPRISE

WINNERS IN RACES AT WILLOWS TRACK

Good Card Yesterday—The Deceptive Angle Picture.

Firmfoot, W. J. Spier's aged gelding, which has been a starter in many races at the Willows at all kinds of paces since the meeting opened, but which has never been in the money except a second to Capt. Burnett June 12th over seven furlongs, yesterday won the mile race from a moderate field of seven. Backers of the favorite, Emma G., starting even money had the annoyance of seeing the mare left standing on the tape when the tape went up.

Firmfoot was fit and ready and the fact was recognized by several who beat the price down from fifteen to one after the horses came from the paddock. The race was the gelding's all the way. Sam McGibben and Aristotle filled the places, following the leader round the course twice in regular order. Emma G. ran into fourth, but Archibald could not get the mare up further owing to the bad start.

The results of yesterday's races in detail are:

MRS. PARKHURST SENT TO PRISON

Must Serve One Month for Slapping Face of Police Inspector.

London, July 9.—Mrs. Parkhurst was today sentenced to a month's imprisonment for slapping the face of a police inspector in the recent suffragette riots about the House of Commons. The authorities have declared war on the suffragettes, and to-day four women were arrested for maintaining a perpetual blockade about the house of Premier Asquith. The women hoped to present a petition on behalf of the woman's suffrage cause.

ALLEN & COMPANY VICTORIA, B. C.

ADVOCATES USE OF COAL FROM B. C.

Shippers of Seattle Object to Competition From Foreign Vessels.

The shipping men of the Western United States are advocating the use of British Columbia coal on the United States war vessels, and George F. Thorndyke, of Seattle, manager of the Globe Navigation Co., has taken the matter up with the navy department. The shippers object that the engaging of foreign vessels to bring coal from the Atlantic to this coast ruins the shipping here, as the vessels which bring coal have to return, and they are willing to cut the rates in order to get a cargo. He says:

"It seems to me the solution offered to use Comox and other British Columbia coal is one that would assist our shipping most, and also serve the navy best. I am sure that our coal operators would welcome the purchase of large quantities of British Columbia coal by the department, because that would probably assist them to recover some of the California coal trade, which we formerly enjoyed a large share of, but in which we have not participated for many months. The extent of one full cargo, whereas we formerly shipped yearly probably 300,000 tons from Puget Sound to San Francisco. Then the coal mines in British Columbia are owned in that province, with the exception, if I am not mistaken, that American capital is invested in some of them. Then many laborers in those mines are supplied from the American side; they are constantly travelling back and forth, spending more or less of their earnings. All of the revenue derived from the output of those mines is placed in circulation on this coast. The profits are not sent to Europe, as are those profits derived from the tramps engaged in transporting government coal. I have been talking with marine engineers who have bared both Welsh and Comox coals, and by them have been informed that there is no greater danger from spontaneous combustion with Comox coal than the former; and we are now in a position to operate our vessels which are operating unprofitably in the foreign trade. Our exports this year are smaller than in 1908, which I attribute largely to the fact that owing to the tremendous low rates, both lumber and flour were rushed to China and Japan, while lumber was rushed to Australia, congesting those markets, thereby resulting disastrously to the manufacturers last year, my conclusion being that ridiculously low rates for a short period demoralize business rather than stimulate it."

DARING JAIL BREAK.

Twenty Escape Through Tunnel Cut in Wall, and Only One Captured.

Paducah, Ky., July 10.—Twenty prisoners, including two murderers, tunneled through the wall of the county jail at noon to-day, and all but one escaped, a negro paroled, who recently received a new trial after having been sentenced to death, was captured. Poses are searching for the others. The prisoners escaped while the sheriff and his deputy were at dinner.

BAYS CAPTURE FOUR-OARED RACE

EXCITING CONTEST ON LAKE WASHINGTON

W. H. Kennedy Veers from the Course in the Junior Singles.

Seattle, Wash., July 10.—Pulling over the mile and one half course with every ounce of their strength, and rowing in such perfect form that their dripping blades caused scarcely a ripple in the smooth water of Lake Washington, the James Bay Athletic Association crew No. 1, of Victoria, consisting of Jack McCarter, stroke, H. C. Hoopwood, 3; R. G. Monteith, 2; F. Monk, bow; captured the feature race—the four-oared event for junior oarsmen—beating the nearest crew, the Portland four, by five lengths in the first day of the regatta held under the auspices of the North Pacific Association of Amateur Oarsmen. Six shells, in each of which sat four powerful oarsmen, lined up between the two starting buoys, waiting for the crack of the pistol which was to start them off on a test of speed and endurance. Portland, Nelson, Vancouver, the Algonquin Club, of Seattle and two fours from the James Bay A. A. started in the race. The first J. B. A. A. crew, which was a dark horse in the race, capturing the honors in the first time of 8 minutes 19 seconds.

Nelson got away first with a good long even stroke, averaging about 26 on the start. Portland, Vancouver and James Bay, number 1 and 2, came along quickly in the center of the course with the Algonquin Club, of Seattle, well to the outside. Here the prettiest rowing of the day was witnessed. The men ploughed along the course straining every muscle, and responding promptly and accurately to the increase of the stroke. The Nelson men increasing their strokes with every two minutes' work continued to gain. Victoria four, number 2, using the short choppy stroke and hard foot work, ploughed along in the second berth with Vancouver, closely followed by James Bay, Number 2 crew with the Algonquin Club of Seattle tucked it out nip and tuck on the outside course. When nearly two-thirds of the course had been covered Nelson looked like a sure winner. Portland's crew was second place, they having crept up

length by length with long strokes. J. B. A. A. No. 1 was back in the third berth by now, with Vancouver and the James Bay second four was still tugging away with the Algonquins four of Seattle on the outside course. By a marvellous effort the James Bay No. 1 crew, when within ten boat lengths of the final start, shot the frail craft forward. Then a fluke occurred which in the minds of many lost the race for the Nelson four, and which undoubtedly lost them the honors of the second place. The two stake buoys are situated at a peculiar angle, one seemingly further up to the end of the course than the other. The Nelson four, on the outside of the course alongside the James Bay four, crossed the outside signal bunting just when the shot from the judge's gun proclaimed the finish. Thinking they had won, they stopped rowing, and allowed their craft to drift back into the course. The other boats, with the exception of the Algonquins, rowed along up to the finish line, stakes, coming in: Portland, second; Vancouver, third; and James Bay No. 2, fourth.

Junior Singles.

Arthur Allen, of Portland, the boy who finished in third place last year in the junior singles, gained the right to be called a senior oarsman by defeating Fred Godfrey, of Vancouver, and W. H. Kennedy, of the James Bay A. A., in the singles. Allen won from Godfrey by three lengths, while the James Bay representative veered from the course and did not finish between the stake buoys. Allen caught the winner first, gaining a length on his rivals. The Rose City oarsman sent his oars through the water at the rate of 35 to the minute, and was leading at the end of the first half mile. Godfrey, bringing up the rear, gained on the lad representing Victoria. Kennedy was too gritty an athlete, however, to let the Vancouver man take second place away from him so easily, and caught Godfrey after rowing half the course, when the single sculler wearing the white and read was rowing but 26 to the minute. Allen won in 11 minutes 45 seconds.

Kennedy lost the course entirely, finishing well up past the University of Washington boat house. The James Bay man would probably have pressed Allen, however, had he kept the course, as he became tired before the finish and stopped rowing entirely when a quarter of a mile from the line, losing several seconds before he caught the water again.

Double Event.

In the double event which was rowed in 8:57 2-5, Vancouver finished first with Nelson a close second and Portland a good two lengths behind for third place. Nelson put up a grand race in this event also, and fought Vancouver, the winner, all the way.

ANTI-CIGARETTE LAW UNCONSTITUTIONAL

Decision of Superior Court Judge at Tacoma—Case to Be Appealed.

Tacoma, Wash., July 9.—The anti-cigarette law passed at the last regular session of the legislature is unconstitutional. This is the decision rendered by Judge Miles L. Clifford in the Superior court this morning in the case of the state against T. E. Snook and J. R. Murphy.

The demurrer to the information charging the defendants with a misdemeanor in having cigarettes in their possession, was sustained. Judge Clifford says that the new law is in restraint of interstate commerce and constitution. An order for the release of Snook and Murphy was issued. The case decided to-day was taken up from the police court to the higher tribunal for a test and is the first test case to be decided in the state. Deputy Prosecuting Attorney Burmeister announces that the case will be appealed to the State Supreme court and also to the United States Supreme court, if the state upholds the decision rendered to-day.

FISH TRAP LEAD IS WASHED OUT

Repairs of Permanent Character Being Made—Sockeyes Running.

The lead into the fish trap at Trial Island has been washed out and the tug Squald, with pile drivers, is now busy repairing it. At the opening of the season this trap did well, and great things are expected of it if only they can keep it from being washed away. The tides at that point are very strong and when there is a sea running, the strain on the piles is tremendous. Captain Matthews is of opinion, however, that by putting in the proper stays the trap will stand all the tests that can be given it.

The sockeyes have commenced to run and canning operations have a small way commenced both at Findlay, Durham & Brodie's cannery, and left some of the traps set about fifteen tons of springs to the salters as well as some sockeyes to Equinault, and Bell Irving's traps are also catching fish. Most of the spring salmon have been taken by the Findlay, Durham & Brodie traps.

Now that the run of sockeyes has commenced it is expected that it will increase every day until it will be all the canneries can do to handle the fish.

LINGERING WEAKNESS FOLLOWING DISEASE

Can Be Banished by the Wonderful Tonic Powers of Dr. Williams' Pink Pills.

How often it is that the victims of disease—fevers, measles, a gripe or any other contagious troubles are weak and ailing, even after the disease itself has disappeared. They do not pick up strength as they ought; remain listless, tired and discouraged. The reason for this is that the blood has been impoverished by the ravages of the disease through which the victim has passed. Strength will not return until the blood is enriched. The blood can be enriched by no other medicine so quickly and as surely as by Dr. Williams' Pink Pills for Pale People—to enrich the blood and strengthen the nerves is the whole duty of these pills. Thousands have found them beneficial in bringing strength after disease had left them weak and run down. Among those who owe good health to these Pills is Miss Laura Hico, New Ross, N. B., who says: "Following an attack of measles I was left greatly run down and suffered from a bad cough. I was advised to use Dr. Williams' Pink Pills and procured half a dozen boxes. Before they were all gone I had regained my strength; my cough had disappeared and I was once more enjoying perfect health."

The experience of Miss Hico is that of many others. Dr. Williams' Pink Pills make new, rich, red blood. This new blood strengthens the nerves and banishes such ailments as rheumatism, neuralgia, lumbago, dyspepsia, etc., and brings the glow of health to pale cheeks. The Pills are sold by all medicine dealers or at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
