CARD. To the Electors of the County of

Northumberland. GENTLEMEN: - At a regularly called convention of the Liberal Association of the County of Northumberland I was chosen as the party candidate for the pending election. I appreciate the honor conferred upon me and in the hope to at my candidature will unite the party and be the means of once more placing Northumberland ou the Liberal side in Parliament, I have been induced to lay aside personal considerations and place myself in your hands. The Liberal party his always had my undivided support. Under the able leadership of Sir Wilfrid Laurier, with Hon.

Henry R. Emmerson as Minister of Railways and Canals and our leader in New Brunswick, it has the strongest claims not only upon the people of this Province, but the Dominion at large. Its period of power, beginning in 1896, has been one of unprecedented, commercial and industrial prosperity. Its record is one of treasury surplises and decrease of public debt—last year of over one million dollars—while its expenditures for the upbuilding and development of the country have been more liberal than those under any former government and the affairs have been honestly administered. The Liberal party will in this election be handsomely sustained all over Canada, and I am sure you must agree with me that it is time the grand old Liberal party of Northumberland should fail into line by electing a Liberal representative.

I therefore ask you to rally to my support, and, laying aside any personal considerations or differences, and forgetting the past mistakes which have tended to weaken Northumberland Liberals, let us again unite and, fighting together, we are sure of success.

I cannot in the short time between now any polling day meet and address you all as fully as I would like to do, but I confidently ask for your influence in my favor and your votes on the 3id November.

If I am elected, as I confidently expect to be, you may rely on my services for the promotion of the best interests of the Dominion at large and of the Miramichi in particular. I have the honor to be

Your obedient servent, W. S. LOGGIE.
