Guy Wilkes, will be retired from the turf at the end of this season. Ottawa (Ont.) horsemen are stirring some winter meetings at Ottawa and Aylmer, Quebec, just across the river

from the capital city. John Splan has recently added to his string by purchase of a four year old trotter by Nelson (209), that is said to have shown a mile in 2.14 1-2.

Frank Hall of Boston hitched To-mah (2.10) and Eddie B. (2.143-4) to pole for the first time last Monday, the 26th inst., at Mystic Park. After fogging them out he thought he would work them an easy mile. He did se. but the watches registered 2.26 flat, first half 1.11, last quarter 33 1-4 seconds, a 2.13 clip. With a little hand-ling Mr. Hall could undoubtedly drive this pair a mile right around 2.15, and perhaps better. The made by this team we believe is the fastest mile to pole ever driven by an amateur in New England.

New York, Oct. 30.-The Broadway Athletic club held its third boxing carnival at its club house tenight. The card was a fairly good one, three bouts being on the programme. The first was between Professor Desverney and Professor Andy Watson. In tenth and last round, as Desverney had done the better work throughout, the referee awarded him the de-

The second bout was between Sammy Kelly and Dolly Lyons, both of the city. In the twelfth round Kelly was awarded the fight.

The third and last even't was between Leslie Pearce of Philadelphia and Billy Ernst. In the fifth round Ernst smashed his left on Pearce's jaw, a right on head and a left straight on the nose. Pearce jabbed, left on neck and adopted defensive tactics. Ernst sent a hard left on on the ropes. Ernst then got in a right swing on the jaw and almost finished Pearce. The referee then stopped the bout, and Ernst was decleared the winner.

FOOTBALL.

St. John Defeats the University. Saturday was not an ideal day for football, but quite a number of ladies and gentlemen were present to see the U.N.B. and St. John A.A. play their second league game. St. John won the toss and took the northern goal. Capt. Tabor of the U. N. B. kicked off and Varsity by a hard, quick rush forced St. John to touch for safety. From the kick off the ball was forced within ten yards of the college geal and passed from a scrim to Brecken, who punted to Hal Skinner, who dropped a pretty goal from a short distance back from the 25 yard line. From that until half time the ball was mainly in centre field. In the second half S. Jones kicked off, and after about 15 minutes play Captain Shaw dribbled the ball over the college line and Macmichael fell on it, scoring a try. Hansard failed to kick the goal, which was from a very bad place and against the wind. From this until time was called the ball was mostly in the U. N. B. territory, no further scares being made. The University team has improved wonderfully and were several times nearly over the line.

Mr. Robb gave satisfaction as referee. Isaac Burpee and F. C. Walker were touch judges. There will be a practice today

WEDDING BELLS

and fractured his knee cap.

(Amherst Press, 29th.) A very quiet but pretty wedding took place at the residence of Thos. Blackwood, Joggins Mines, last night, when his daughter Jean was united in marriage to William C. Dick, jr., senior salesman with J. H. Seaman & Co. Only a few of the immediate friends of the contracting parties were present. The bride was charmingly attired and was attended by Miss Dick, sister of the groom. The groom was supported by Hugh Murray. After the supper a dainty supper was served. The Press tenders its congratulations. Dr. E. M. Copp of Pt. de Bute was married vesterday to Miss Dormer Dixon, daughter of the late John Dixon. The ceremony was performed by Rev. Mr. Wilson of Port Elgin at the residence of the bride's brother, Joseph Dixon, Pt. de Bute, in the presence of about sixty guests. The bride was assisted by her sister, Miss Bertha Dixon, and by three little maids of honor, Miss Grace Dixon of Amherst. Miss Bowser of Sackville and Miss Dixon of Point de Bute. A. B. Copp of Sackville did the honors for the groom. The bride received many pretty presents.

A correspondent writes: A very pretty wedding was celebrated at the home of the bride's parents, "Hartville," Chatham, when D. P. Mc-The contracting parties are well and young couple are held. The house was pretitily decorated for the occasion with potted and cut flowers, At half past six o'clock, the bride carrying a lovely bouquet of white chrysanthemums, attired in a handsome gown of ivory brocade silk, with pearl and ribbon trimmings, entered the room, leaning on her father's arm. She was attended by her sister. Miss Minnie Edgar of Sackville, who were a dainty and becoming dress of pale green crepon, with silk sash and lace trimmings, while the groom was ably assisted by his brother. William Mo-Lachlan. The nuptial knot was tied by Rev. Joseph McCoy, in the presence of only the intimate friends and near relatives of the bride.

After partaking of a dainty wedding supper, the happy couple, accompanied to the depot by many friends, left for a trip to St. John, Halifax, Boston, New York and Niagara, followed by the good wishes of a large circle of friends.

The bride tooked lovely in a goingaway gown of brown, with trimmings the director of the geological survey, of electric blue broadcloth, and hat to match.

Among the presents were a very handsome five o'clock (Japanse) tea set and waiter from the members of St. Andrew's choir, in which the bride had been leading alto for several years; \$50 in gold from the groom's parents; silver tea set, gold lined, from the brothers and sisters of the bride; large mantel mirror from Miss Lillie McLachlan; oil painting, Mrs. George Watt; china tea set, Mr. and Mrs. J. Toronto, Oct. 28.—Father Jibra, a well known Roman Catholic missionary, died here last night. Ottawa, Nov. 1.-Toronto people have sone fairly wild over the reported discovery of coal near Sudbury, but it seems they have jumped at clusions too readily. The geological survey has had samples of this alleged coal for several weeks and they have been carefully examined by the de partmental chemist, Dr. Hoffman, Although having the appearance of coal the substance is not coal, but properly speaking anthraolite, which has probably resulted from the metamorphorism of some bituminous substance which originally filled the veins in the rocks where it has been found. Dr. Dawson, director of geological survey, mentioned to your correspondent that there has been coal excitements at different points throughout Canada on several occasions. Anthraclite has Lachlan of Chatham was united in been found in small quantities in the marriage to Miss Isabel K. Edgar. vicinity of Port Arthur, also in the neighborhood of Point Levis, and in favorably known in musical and several places in Labrador. The Sudchurch circles and the targe number bury deposit is of precisely the same testimony to the esteem in which the ered in the localities mentioned. Dr. Dawson says if a sufficient quantity could be obtained it might be used as a fuel, but from the samples received here it would be a fuel of very inferior quality on account of the large propertion of ash which it contains.

Dr. Dawson thinks it extremely unlikely that there is any large quantity of it in Sudbury district, although of course anything is possible. He bases his conclusions on this point from the fact that it has never been discovered in workable quantities anywhere else. It has not the regularity of a bed of coal, because it is found in fissures of pockets, which break irregularly through old rocks. Samples sent to Ottawa contained 55.96 per cent. of silicious matter, the rest being chiefly carbon. Another sample received contained about 65 per cent. of carbon. so that it will be seen the quantity of carbon varies. It burns not unlike anthracite, but the quantity of ash is so great that its usefulness will always be confined to very narrow limits. In view of these statements of

too high hopes regarding the Sudbury find. Mr. Schreiber, chief engineer of railways and canals, left at noon yesterday for British Columbia. He will make a thorough investigation of the way in which the Canadian Pacific railway has been expending money under the arbitration award, some \$500,000, with the dominion government a few years ago. Montreal, Nov. 1.—For considerable time past there has been a great agitation for the fast mail service, and it was thought that the steamship Canada, which is the fastest boat which ever steamed the St. Lawrence, would have carried the mails. This being the case, the company will probably run the boat to Boston until next season, as the shippers there are anxious to have a boat which has speed in accordance with her carrying capacity.

THE COURTS.

Before Judge Barker on Thursday morning, A. O. Earle, Q. C., and Mr. Pugsley, Q. C., appeared in the matter of the Restigouche election petition and stated that a message had been received from L. A. Currey, Q. C., the counsel for the respondent, stating that he was ill and unable to attend in answer to his honor. Dr. Pugsley stated that he desired to reofficers of the department admit that call the petitioner for the purpose of proving that he was eligible under the act to present the petition. After some informal discussion the hearing was adjourned until Friday at ten o'clock.

In the York county election netition Dr. Pugsley, Q. C., and J. H. Barry appeared. Dr. Pugsley read affidavits showing that the petition had been served on Hon. Geo. E. Foster on 4th August at Ottawa; that on 6th August a copy of preliminary objections had been served on the petitioner; that no copy of such objections was filed with the clerk of the election court until 11th August. Section 12 required that a copy of the preliminary objections must be so filed within five days after the serrice of the petition. He also read an affidavit that no agent had been appointed in writing filed in the count nor any statement that the respondent intended to act for himself. He asked for a summons to set aside the preliminary objections and to remove the same from the files of the court. A summons was granted returnable

> CLAN MACKENZIE AT CHURCH. Service in Calvin Church and Sermon by Rev. W. W. Rainnie.

> Clan Mackenzie, No. 96, of the Order of Scottish Clans, attended service at Calvin Presbyterian church Sunday night. The preacher, Rev. W. W. Rainnie, preached an appropriate sermon from Malachi 11, 10th verse: 'Have we not all one father? Hath

> not one God created us." The preacher dwelt on the fatherhood of God. All men, whoever they are and whatever may have been their destiny, are descendants from God. Men forget this. They regard God as the Judge and Ruler of the universe, but neglect the other side of the divine story, which describes Him as the father of all. To this can be traced the evils which afflict

society. The fatherhood of God urges men to obey and serve Him. We are all God's children. He preserved us alive. We ought to make some return for all His goodness. We ought to obey His commands and walk in His ways. We ought also from the very connection between us and God be led to see His spirituality and thus be kept from idolatry. The man who worships not God as God is not an agent, he is a mere machine, a revolving wheel in the devil's charlot. Man's attitude amid life's diversity and trouble should be "We've a father, mither darlin, an he stretche out His hand, sayin' He will bear the burden till we reach the other land. So the birds may cease their singin', an' the sun forget its light, but He'll ever, never leave us: He is with us

RESTIGOUCHE ELECTION CASE. The Restigouche election case was

before Judge Barker for a short time on Saturday. H. A. Powell made a statement, which was received as evidence, to

the effect that he took two papers, which were duplicate originals of the preliminary objections, to the clerk's office. He left one on file and took the other away. This one was served on the petitioner out of greater caution. He had shown both the originals to the clerk. He was informed that the one he took away was served, or a of McKenna has ever been done by an | copy of it. This would appear by other evidence. He afterwards drafted a notice of what had been done so that the petitioner could be served with the notice. This he did for Mr. Currey. Dr. Pugsley then asked for an order to set aside the preliminary objections and to remove them from the

files of the court. L. A. Currey, Q. C., then moved for dismissal of the petition upon three of petitioner was defective in neglecting to set out the reasons for his belief; second, that the evidence taken disclosed that the petitioner had been guilty of corrupt practices, and that the other testimony adduced was inadmissable, and third, that if reasons should not be necessary in the affidavit the petitioner should at least show that he was in a position to swear to the affidavit from actual knowledge. He also objected that the certificate of the clerk of the crown in chancery was bad and that the second one could not properly be put in evidence. He cited a large number of authorities, and was followed by H. A. Powell with

an additional list. Dr. Pugsley, Q. C., and A. O. Earle, Q. C., for the petition, then submitted authorities in reply.

His honor then said that in view of the public importance of the questions raised he would refer the whole matter to the full court for advice, and directed Dr. Pugsley to enter the case upon the motion paper. Dr. Pugsley suggested the fixing of

a day for argument, but as this could

not be done it was agreed to have the

case entered upon the special paper. L. A. Currey then stated that he desired to be considered as having movto file a copy of the preliminary objections nunc pro tune, in case the court should take the view that a copy should have been left on file. Further hearing was adjourned to
