Examination showed the man to be suffering from concussion of the brain with slight chances for recovery. Morgan and his seconds, Charles Barthon, the promoter, and Referee Ryan were arrested pending the outcome of the inquiry.

will never be fully solved. The decomposed state of the fragmentary masses of flesh and bones makes identification practically impossible. What developments are to come probably will be in the direction of establishing the identity of more of the mysterious men seen to enter the farm house, but never to leave it. Yesterday three such persons were connected with the Guinness' woman, the evidence regarding John Moe of Elbow Lake, Minn., and Henry Gerholt, of Scandinavia, Wis., being almost conclusive. The fate of George Brady, of Tuscola, Ills., is less certain.
