PNEUMONIA AND CROUP

"I take my pen in hand to inform you of
the great cure effected by your medicines.
Some time ago my husband was taken down
with lung fever. It came on him with a chill
in the night. It happened I had a supply of
your medicine in the house at the time. I
rubbed his chest and back with the Ready
Relief. I gave him a teaspoonful in a little
hot water to drink, to help warm and stimu-
late him, and in about half an hour three of
the Ready Relief Pills. By the time the doctor
came the next morning he was much better.
The doctor wanted to know what I had been
doing. I told him. He said that was good,
that they were good medicines. Another case
I had was with my little nephew who was
staying with me. He was taken with croup.
I rubbed his throat, chest and back with the
Ready Relief, gave him doses about an hour
apart, followed it by a dose of pills. By the
next day he was about all right. I have been
using this medicine, with my family and my
neighbors, for about 90 years, and never knew
it to fail, when the directions were carefully
followed. I would feel greatly obliged to you
to please forward me 'False and True,' one of
your publications, for which I enclose stamp,
for I absolutely need it at once, if you please.
You are at liberty to make use of this testi-
mony as you may think proper."

Yours respectfully
MR. ELLA DUNN,
Jacksonville, Morgan Co., Illinois,
November 2, 1898.
