GLEASON AND RICKARD GO TO BOWLING, BASEBALL THE RING, FOOTBALL GET BIG GO

MYSTERY IN DEAL STILL UNSOLVED

New York, Dec. 2.—The mystery attending the sale of the Philadelphia National League Club remains unsolved. In spite of much pressure Horace Fogel, the new president of the club, declines to name the man who put up the money to complete the deal. Charles W. Murphy of the Chicago club, who has arrived in that city, has refused to deny or affirm the rumors that he had sold the club to Fogel. Fogel has been in Philadelphia for several days, but he has not yet been seen by the press. He is reported to be in the city for a few days, but he has not yet been seen by the press. Gleason and Rickard to Stage Jeffries Johnson Go Stormy Meeting at Hoboken Yesterday When Bids Were Opened--Coffrith In Alliance With Gleason and Rickard Secure Mill From Thomas McCarey Who Puts Up Game Fight To Defeat Them--Final Articles To Be Signed Today--Fight Scheduled For July 4, 1910.

New York, N. Y., Dec. 2.—The fight for the heavyweight championship of the world between James J. Jeffries and John Johnson will be held in California in the vicinity of San Francisco on July 4, 1910, and will be staged by "Tex" Rickard, of Nevada, and John J. Gleason, of San Francisco. Their bid of \$101,000 and two-thirds of the moving picture privileges to the contestants was formally accepted during a stormy meeting at Hoboken, N. J., this afternoon and the articles will be drawn up and signed tomorrow. It is believed that the fight will represent more cash than any other fight in the history of the prize ring. Thomas J. McCarey, of Los Angeles, whose bid was considered highest by many, made a game race for his Pacific Athletic Club, but his cause was without hope. James Coffrith, by virtue of his control of the two basic patents on moving pictures, had developed against McCarey and his ally "Eddie" Graney, of San Francisco, and the fight was given to Gleason and Rickard, who, it is conceded by sportsmen here, have an understanding with Coffrith—a surmise strengthened by the fact that Gleason and Coffrith have shared one bid in the past. McCarey and Graney estimate that the net value of the moving picture rights will amount to at least \$200,000 and may be worth \$400,000. Rickard and Gleason declined to estimate. The meeting, after Lou Houseman, of Chicago, as master of ceremonies, had called the meeting to order in a hotel at Hoboken. Sam Berger, Jeffries' manager, announced that his principal had decided for Rickard and Gleason. George Little, representing Johnson, made a similar announcement and stakeholder, Bob Murphy, was about to declare the matter settled when McCarey rose to insist on reading the Rickard bid, to show that it was not the best.

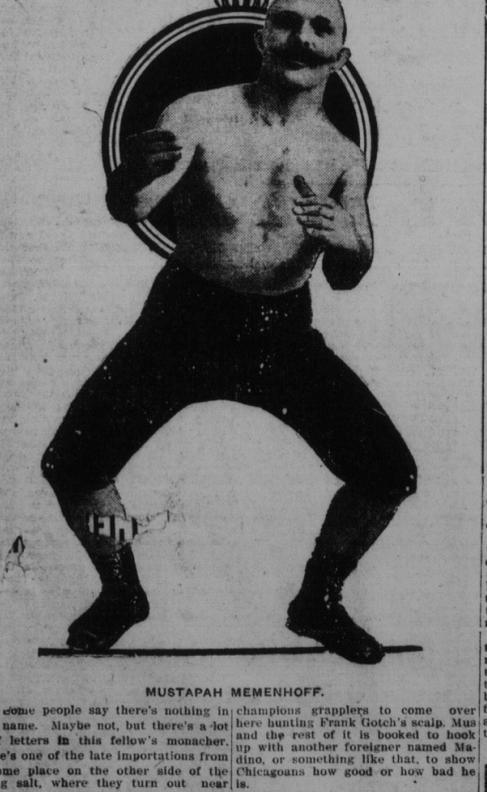

M'GILL AND HARVARD AT PEACE AGAIN

Montreal, Dec. 2.—Peace has been declared between Harvard and McGill, and a team from Montreal will go to Cambridge in January to meet the crimson. Two years ago McGill was invited to send a team to play hockey against a septette from Harvard. The team went all right, but after it had been defeated and Harvard was claiming the championship of the territory from Beantown to the North Pole it was discovered that the seven which represented the Red and White was hardly a good intermediate aggregation. When the facts came out Harvard was rather disappointed and expressed some opinions in chafed tones. The result was that athletic communications were broken off and Harvard refused to allow McGill to go and play in their yard any more. Negotiations were entered into last summer and completed this autumn with the result that peace has been declared, and the next team that will be sent out from Montreal will be a thoroughly representative of Intercollegiate Hockey. McGill's season opens on January 21, against Laval, and it is probable that the date with Harvard will be arranged to follow closely on the heels of the league date.

OPPOSED TO LENGTHENING OF SEASON

Chicago, Dec. 2.—President Johnson of the American League, declares there was no truth in the report that six club owners in his circuit favor a schedule of 168 games. He says his whole league is opposed to a lengthening of the present schedule, and furthermore that it will not stand for any change except one providing for fewer games than are played under the present arrangement. He believes the National League wants the longer season, but it would be almost impossible, of course, for the change to be made in one organization and not in the other.

Another Foreigner Here For Trouble

Chicago, Ill., Dec. 2.—Threatened spread of wheat with a strike caused a stampede among shorts in the wheat market today and transformed a previously weak market into one of decided strength. At the close prices showed net gains for the day of 1-8 @ 7-8. Corn closed steady but oats and provisions were strong. CLOSING STOCK LETTER. By direct private wires to J. C. McIntosh & Co. New York, Dec. 2.—The more serious aspect of the strike of railway switchmen in the west accentuated the normal tendency of the trading element to take profits on the rebound during the first hour today, therefore there was considerable selling pressure in evidence at various quarters of the market, which caused declines ranging from stout fractions to over a full point. It soon became evident, however, that no wide-spread alarm existed on this account, and that the market was in a much stronger technical position than it was prior to the shake-out early in the week. The result was a gradual narrowing of the range, and a subsidence of activity until a condition of practical inertia prevailed. This dullness on the decline was interpreted as a favorable sign, and a mutuality of considerable buying by the trading element with the result that the afternoon witnessed a smart rally. The specialties in the market were the ready, especially the Gould stocks, especially Denver common, were strong in the afternoon. On the other hand, third Avenue for reasons traceable to the uncertain status of the company, declined to near its lowest range of the year. There were rumors, which received little credence in well informed circles that Denver common was to be placed upon a dividend basis but the underlying cause of strength, probably was the near completion of the Western Pacific road with the prospect of a materially larger through traffic as a result. Sentiment has undergone no perceptible change worthy of mention. Banking interests adhere to the opinion that the present is an inauspicious time for a bull market, and that the professional element is inclined to operate for moderate profits on the long side, believing that work of congress at the next session has been definitely mapped out and discounted by the large interests. LAIDLAW & CO. DEATHS. Mr. H. A. Frye. Mr. Harry A. Frye, of Frye's Island, died in St. John yesterday morning from pneumonia. Deceased was a son of the late Mr. Henry Frye, at one time a member of the provincial legislature for Charlotte county. Mrs. Charles H. Lee, of this city, who is very seriously ill, is a mother. Mr. Frye leaves a wife and five children.

BIG BOXING CARNIVAL IS ANNOUNCED

Announcement was made last night that on Tuesday night, December 14, St. John will be the scene of a monster boxing tournament, consisting of a ten round star bout, special bout of six rounds, feature bout of six rounds and a four round preliminary. All that is necessary to complete the details is the sanction of the mayor. Fifteen per cent. of the gross receipts will be donated to the Provincial Tuberculosis Association by the Industrial Athletic Club who are staging the carnival. The bouts will be governed by the following provisions: 1.—Examination of all contestants by a physician who is empowered to disqualify any who are physically unfit or not in good condition. 2.—Divergency in weight between contestants booked for opposition will exceed five pounds. 3.—Exclusion of inexperienced and colored men from participation in the contests. 4.—Abrupt termination of all bouts wherein one of the principals is outclassed and in which a contestant would not enhance his prospects for success. 5.—Elimination of knockouts. 6.—Use of gloves weighing six ounces or more. 7.—Marquis of Queensbury rules govern with clean breaks in the clinches. It is planned to have Fred Fitzgib, the local boxer, and Johnny McIntyre of Halifax, meet in the feature bout and Dick Harley of Manchester, N. H., will be one of the principals in the special bout. He will be opposed to either Dan Littlejohn or Billy Curran, the veteran local welterweights. The star bout will be a big surprise to sport lovers. There will be four men in the ring and one of the quartette will be Kid Dufresne, the Lewiston, Me. featherweight. Another will be Tommy Diers one of the fastest featherweights ever seen here and still another will probably be Billy Ramsey the North End lightweight. FREDERICTON MAN MAKES NEW RECORD. Fredericton, Dec. 2.—On the Queen Hotel bowling alleys this morning Jack Sullivan broke the provincial candlepin bowling record formerly held by a St. John man at 147, and made the figure 151. The "pin" boy sport which seemed a sure spire, he started off with a spare and the score by each bowler follows: 18, 35, 64, 73, 88, 108, 118, 125, 142 and 151.

Tip Wright says it was all a mistake. Asked to pick the winner of the St. John newspaper league he promptly looked over the tireless typos and hit upon the Standard aggregation. He says he never meant the Standard pencil pushers would win. In fact he doesn't see how they could. Oh, no! But keep your eye on the typos says Tip. Yesterday the much teed (by themselves) Telegraph team went down to ignominious defeat, despite Joe Irvin's best efforts to lose the game for The Standard. Jim Barry as usual when there is some body looking distinguished himself and eluded to 85-13. The Standard would have taken all four points had they not lost the last string by fifteen pins. As a result of the game, the teams are now tied for first place and

YANKS HAVE FAILED TWICE TO LIFT CUP Aprosop of the Americans recent failure to lift the Davis International Tennis trophy it may be remarked that this is the second attempt of American players to bring back this cup emblematic of international tennis and presented by Herbert F. Davis and presented by Herbert F. Davis. Last year Beals C. Wright of Boston and Frederick B. Alexander of New York journeyed to the Antipodes in quest of the mug, and they were opposed by the same players that defeated Long and McLaughlin. In the first match at singles Brookes met Alexander and the Australian won 3 sets to 2, but Wright from England and Brookes, Wilding won from Alexander and the Australians won the doubles, making the grand total 2-2. It was Brookes and Wilding who won the cup from England in 1907. The first match for the trophy took place in 1906 when England challenged and sent over A. W. Gore, H. Roper Barrett and H. D. Black. They were opposed by Malcolm D. Whitman, Holcombe Ward and Dwight E. Davis, the Doherty brothers, Dr. Joshua Pim in 1902. The American defenders were Dwight F. Davis, Malcolm D. Whitman, Holcombe Ward and W. A. Larned and America won again 3 matches to 2. The Brits came again in 1903 the team consisting only of the Doherty brothers, who won four matches. The Americans won by default, the American players were the famous brothers R. D. and W. L. Wrenn and W. A. Larned. America did not challenge England in 1904, but William S. Clothier, Beals C. Wright and W. A. Larned went in 1905. The Americans beat Australia, France, Belgium and Austria in the preliminaries, but lost five straight games to England, the Dohertys doing the trick. America tried again in 1906 with Beals C. Wright, Holcombe Ward, B. D. Little and Krehl Collins. In the final England beat America again in five straight matches. In 1907, America was defeated by the Doherty brothers and Beals C. Wright, but they were defeated by the Australians in the preliminary matches 4 to 1. The English team was made up of A. W. Gore, H. Roper Barrett and Major J. S. Ritchie, but the Australians, Herman E. Brookes and Antony F. Wilding, beat them in the preliminaries. Then the cup took a trip to Australia, where it is likely to stay for some time.
