THE Arabian Nights Enchantments are rivalled by the modern magic of the Automobile. The motorist's miraculous vehicle will transport him with the swiftness of an eagle's flight to the sea, the mountains, the lakes or where he can view some broad panorama of endless hills that roll on into the infinite distance. But a motor trip should not be taken without the assurance that the tires will carry through. Where safe and timely arrival are important, one should make assurance doubly sure by having his car equipped with "Cross" Tread "Gutta Percha" Tires. Why? Because they can be depended upon. They are built with unusually strong side walls, exceptionally tough rubber tread, plentifully rubberized cotton duck fabric, beads that have never been known to break, and a reputation that bears out the slogan—
