DISTRICT AND GENERAL

It is proposed to organize a brass band in Bothwell.

The Oranmen of London district will celebrate the 12th of July at St. Thomas.

A frost is reported to have damaged fruit crops on Vancouver Island and the Gulf land 30 to 50 per cent.

Four Windsor men were arrested at Tilbury and heavily fined for speeding their autos on the town streets.

Licenses are now required for those operating radio receivers. The fee is \$1 and licenses may be obtained at the post office.

Sportmen are on the hunt for a large wildcat said to have been seen in a patch of woods a few miles south-west of Lambeth.

The department of highways has decided to take over the section of the Longwoods Road passing through the village of Thamesville.

Dr. Wm. T. Robson, aged 71, of Vanneck, died a few days ago from injuries sustained when his auto went over a bank and caught fire.

Construction work has been started on Detroit's new \$5,000,000 Masonic Temple, one of the largest and most costly structures of its kind in the world.

Willie Lamb, six-year-old son of Frank Lamb, of Springfield, was instantly killed by a kick from a horse while assisting his brother to hitch up a team.

Thomas Edwards, one of the oldest grocery travellers, died recently in Toronto. He was well known by nearly every merchant throughout Western Ontario.

From all counties of Ontario reports concerning the crops are optimistic, according to the weekly summary issued by the Provincial Department of Agriculture.

Geo. Kimball, aged 55, of Bryanston, a former member of Middlesex county council, accidentally shot and killed himself on his son's farm near Hyde Park Thursday morning.

At 314 Oxford street, London, on Wednesday, May 24th, by Rev. John Currie, Martha Louisa, daughter of Dr. Gordon, of Newbury, was married to Edward Able McCanley, of Mount Brydges.

The weekly newspaper publishers of Canada will hold their annual convention at the Chateau Laurier, Ottawa, next week. The association now has in the neighborhood of 500 members.

Fruit growers believe that the ice storm of last March has had the effect of greatly lessening the number of parasites and fruit pests which usually at this time of the year cause much concern.

The increase in population of Canada during the past ten years was relatively twenty per cent. higher than that of the United States. But you won't see this statement of fact in the new school books of the U.S.

A fire occurred at the farm of G. A. Annett, of Euphemia, on Monday of last week when a hen house, implement shed and barn, also some smaller buildings, were destroyed. The loss will be considerable.

In the United States it has been held that dandelions are not a fruit and hence cannot be used legally in the manufacture of wine for family use. In Canada wine may be made from dandelions for family use on obtaining a permit.

An unusual summons to render medical aid to a patient who had become suddenly very ill was received Thursday by Dr. John McGregor, of London. Telephone wires are down between London and Port Burwell since the ice storm at the end of March, and in the emergency the Port Burwell harbor wireless equipment was called upon to broadcast a call to London.

The bursting of a front tire when on a hill at Kilworth Bridge, near London, on Sunday evening, upset the automobile of Fred Reynolds, of South London, and resulted in the instant death of Miss Emma Kompass, sister of H. A. Kompass of the London Free Press. Mr. and Mrs. Reynolds and their infant child and Miss Mina Kompass were also in the car at the time, but escaped with minor hurts.

H. A. Stevenson, Labor member for London, introduced in the legislature an amendment to the Motor Vehicles Act which, if passed, would increase the speed limit in the country to 30 miles an hour. It would also permit the use of parking lights on the rear left fender of an automobile, and make inoperative the penalty clause relating to failure to slow down to 12 miles an hour at intersections. It would also give municipal councils the right to close parks to motor cars.

COMING JUNE 14
A new play entitled "A Pair of Sixes" will be presented by the Thamesville dramatic club in Glencoe opera house Wednesday evening, June 14. This new company have played to large houses in every town in which this three-act comedy-drama has been presented. Between acts vocal selections will be given by the celebrated Thamesville sextette, and there will be other musical numbers. Don't miss this. Reserved seats on sale at Lumley's drug store. Price 50 cents.

It is a pleasure to sell Tanlac, because those who buy it come back and praise it.—P. E. Lumley.

GOOD ROADS MEETING

At a public meeting held in the town hall on Tuesday evening, Alfred Aldred, who is promoting a connecting link for the provincial highways in this section, particulars of which will be found on another page, outlined his scheme in a comprehensive manner, and submitted maps and drawings which clearly indicated the superiority of the Dunwich-Aldborough and Moss-Ekfrid townline route over all others. Reeve McPherson, of Glencoe, occupied the chair, and other speakers were Mr. Lindsay and Mr. McLean, of Brooke township.

It is proposed to make this connecting link a county-provincial highway, and steps are being taken to bring the matter before the county councils of Middlesex and Elgin, asking their sanction that it be designated as such, after which it will be brought before the minister of highways, who, in an interview, has already expressed himself in a favorable manner towards the route.

Petitions are now being circulated for signature for presentation to the county councils and minister of highways.

GLENCOE COUNCIL

The regular meeting of the Glencoe council was held in the town hall on Monday, May 29. Members present:—Reeve McPherson, Councilors Davidson, Parrott and McCracken. The minutes of the last meeting, also of the court of revision on the McPherson drain and of the court of revision of the assessment roll, were read and adopted.

On motion of Messrs. McCracken and Davidson the following accounts were ordered paid:—Frank Smith, hauling brush and cleaning around town hall, \$5.50; J. B. Gough & Son, furniture and mattress, \$144.50; J. B. Henry, salary for May, \$100; Don H. Love, painting and lettering street traffic signs, \$45; Russell Edie, hauling gravel, \$77.15; Murray Edie, hauling gravel, \$32.15; Russell Newport, hauling gravel, \$42.50.

By-law No. 287 (the McPherson drain by-law) received its last reading, and on motion of Messrs. McCracken and Parrott was finally passed.

On motion of Messrs. Parrott and Davidson, James M. McGregor was appointed commissioner for the above named drain.

Charles George, Clerk.

WOULD CONNECT HIGHWAYS

Petrolia, May 30.—Reeves and deputy Reeves of the interested municipalities of southern Lambton met here today in conference with the Chamber of Commerce to discuss the proposition of asking the Minister of Highways to designate a county road from a point south of Rutherford to Reece's Corners as a provincial highway connecting the highways north and south, tapping the centre of Lambton. The proposal was unanimously endorsed and a large deputation will present the proposal to the county council on Tuesday, June 6.

DEATH MARKS PASSING OF PIONEER FAMILY

In the township of Ekfrid, Mrs. John Campbell, widow of John Ellicott Campbell and daughter of Crawford Douglass, was laid to rest. She was a granddaughter of Colonel Trevelyan, of County Armagh, Ireland, and cousin of Senator White, of Hamilton, and also cousin of W. A. Douglass, of Toronto.

The family came to Canada in the year 1843 and settled on a forest farm to pioneer life in Ekfrid. Including the parents there were 12 in the family. The eldest son, Captain John T. Douglass, was well known in Toronto as the marine inspector of the Western Assurance Company; the second, Captain Andrew T. Douglass, was for some years in the service of the Pacific Steamship Company; the third, Captain Wm. Douglass, after sailing some years on the lakes, became the proprietor of the Leland Hotel, Winnipeg; the next, Alexander Douglass, stayed on the farm; the youngest, Crawford Douglass, went to Panama, where for some time he was associated with M. de Lesseps in the construction of the Panama, and afterwards was editor of the Panama Herald.

In the death of Mrs. Campbell there passed away the last of the family, a lady highly esteemed for the goodness of her life and the nobility of her character. Three of her six children predeceased her, leaving Wm. Campbell, of Mount Brydges; Miss Martha, of Minneapolis, and Mrs. McMillan, of Plenty, Sask.

What appears to be the final figures of the losses in the world war have recently been issued by the Central Record Office of the American Expeditionary Force. All countries lost an aggregate of 7,668,300 killed and 18,631,257 wounded.

The large and modern Tanlac Laboratories at Dayton, Ohio, occupy 60,000 square feet of floor space.—P. E. Lumley.

Farmers are advised when being solicited by agents for lightning rods to demand to see their license. For protection against fraud or worthless material, the government requires that every agent for lightning rod equipment must carry a license bearing the signature of the Ontario Fire Marshal.

LOOKING FOR WATER

O. W. Carriek, of Decatur, Ill., water engineer for the Wabash Railway, was in town on Friday with the object of securing a supply of water at Glencoe for locomotives. Mr. Carriek says that the water in the artesian wells is not of the quality demanded by locomotive boilers, and in all probability the railway company will draw water from the River Thames, a distance of some three miles, by an electric pumping system. In any event, he says, they are almost compelled to establish a watering station at Glencoe.

BOWLING CLUB FLOURISHES

Glencoe bowling greens were opened for the season on Victoria Day with a large gathering of bowlers. The club this year has the largest membership in its history, some 45 in all having signed up. Officers and committees have been selected as follows for the season:—Honorary president, J. G. Lethbridge, M. P. P.; president, G. W. Snelgrove; vice-president, C. E. Davidson; secretary-treasurer, R. M. McPherson; games committee—John Hayter, C. E. Davidson, R. M. McPherson, greens committee—Charles Mawhinney, James Wilson, Matthew Knox, J. B. Gough; membership committee—G. W. Snelgrove, W. B. Moss, Bert Waterworth; refreshment committee—W. A. Currie, Jr., W. A. Hagerty, A. J. Wright. The greens are in splendid shape and great interest is being taken in the sport.

CONCERNING A REMUR

To the Editor of The Transcript:
Dear Sir,—I am informed that it is being widely circulated that the Government is opening up a touriste resort on the farm of Mr. N. Currie, Longwoods Road. I have interviewed Mr. McLean, Deputy Minister of Highways, re the matter, and he has given me for publication the following statement which speaks for itself.
J. G. LETHBRIDGE.

Toronto, May 23, 1922.
J. G. Lethbridge, Esq., M.P.P.,
Legislative Assembly,
Toronto.

Dear Mr. Lethbridge,—
I have read with considerable amusement the report in circulation in your constituency that the Ontario Government has taken over Mr. N. Currie's farm on the Provincial Highway; that we are opening up a tourists' resort at a cost of \$30,000; that we are paying Mr. Currie \$15,000 a year to manage it; also that we are opening up another resort between London and Sarnia of the same extent.

The statement is so absurd it would scarcely require contradiction, and is absolutely untrue from beginning to end.

Mr. Currie wrote the Department asking us to make some improvement on his farm for the accommodation of tourists for which he would guarantee to give certain services to travellers. Our Department, however, has no statutory authority to make expenditure in this description and we were unable to meet Mr. Currie's proposition in any way.
Yours truly,
W. A. McLEAN.

"THE FOUR HORSEMEN OF THE APOCALYPSE" took more than six months to complete.

Upwards of 12,000 persons were engaged.

More than 125,000 tons of masonry, steel, lumber, furniture and shrubbery—in excess of the material used in the Woolworth building—were used in constructing the massive settings.

A costume factory was erected on the Metro studio grounds for "dressing" the production.

Two machine shops were incidentals of the other building operations.

More than 500,000 feet of raw film was exposed in the taking of the picture, which when shown on the screen will not exceed 10,000 feet.

Fourteen camera men were employed to "shoot" the big scenes from every angle, and Rex Ingram, the director, at times had fourteen directors assisting him. It required weeks to weed out and assemble the completed scenes from the eighty-five miles of film exposed. The mere running of 500,000 feet of film through a projection machine at the rate of sixty feet a minute consumes eighteen days of eight working hours each.

This picture will be shown at the Glencoe Opera House on Saturday, June 3rd, at 8.15 sharp.

WHERE HAPPINESS DWELLS AND BEAUTY EXCELS

A summer day is long in Algonquin Park, inviting to outdoor pastimes of all descriptions. The nights are cool and restful, with clear lakes reflecting the great stars that hang low in the northern skies, and there is silence except for an occasional fluted call, the dip of feeding trout or bass and the subdued song of water and stirring leaves.

If you would experience such summer days as these, visit Algonquin Park, drink in with your lungs the air of its heights, with your eyes behold its manifold beauties and you will become a lover of this big unspoiled forest of the Ontario Highlands.

Reached by Grand Trunk Railway. Illustrated booklet telling you all about it sent free on application to any Grand Trunk ticket agent, or C. E. Horning, D. P. A., Toronto, Ont.
