Island, on the sub-by His Excellency the Lieutenant Governor was deferred until vesterday, when the charge and combine in the use of all lawful means, im-ploring the blessing and guidance of the "great able. The Lord God was with us indeed, Monday morning and evening, and Tuesday acknowledged in this resolution, all efforts will morning, were taken up in choosing an eligible be unavailing-that every species of opposition site for a Mission-house. We measured off a to the simple teachings of the gospel of our piece of ground four hundred yards long by Lord and Redeemer may be swept forever from three hundred yards wide, designing it for two our earth. And then, understanding our posi- houses, which we hope, ere long, to see erected afraid, and refused to accompany him. He himtion, as them to whom God has intrusted his here. It is situated on an elevated spot on the self was obliged to drive, the gardener led the subject. acred oracles, we will not only cordially and south side of the town, half a mile or more dissolemaly "resolve to be more abundant in sup- tant, open, healthy, near to our work, and com- lake, the gardener through fear, allowed the counts of the Printing of the Assembly for 1855. Province during the past year. plication for the promised blessing of Heaven in manding to the north a beautiful view of the horse to approach the edge; the conveyance was Referred to the Committee on that subject. missionaries themselves and in their respective spheres of labour," but we will see the truits of and labours in the conversion of thousands, and the bright prospect of the speedy dawn of that mellennial day when " Christ shall have the heathen for his inheritance and the uttermost Coonghul roads which will be very convenient. parts of the earth for his possession." In every respect the position is most desirable The REV. JAMES ENGLAND, (in the absence and it is from this centre that the Goobbee and of the Hon Hugh Bell prevented by illness from Coonghul stations must be worked. Indeed, this was the place originally chosen for a station attending the meeting,) seconded the resolution but difficulties that no longer exist drove us to He would not detain the meeting at that late Goobbee. Here is a population of ten thouhour, nor was it necessary for him to add anysand, which is rapidly increasing. Within the thing to what had been already said in advocacy last five years a new town has been built ; and sents of fruits, sweet cakes, &c. He stayed for a of the resolution. He was sure it commended itself to every thinking mind. Praver was the true element of our success. Unless we proceeded in dependance upon the divine blessing, and with hearts sincere in imploring his favour is building for us much larger premises for the ground for a new pettah; the new village our cause would be motionless. There could be English Institution. They have also built a no progress. But so soon as divine love engaged school-master's house on the ground adjoining our hearts we should move on with accelerated that we have selected; and the present schoolpremises will be used for a vernacular school. speed. The resolution passed unanimously.

ing of his children, a wonderful knowledge of the Bear River, Feb. 15th 1856.

The Doxology was then sung and the Bene diction pronounced-when the meeting adjournresident Missionaries.

Weslenan Intelligence. From the Wesleyan Notices Newspaper, Jan. 29th. India.

One of the "signs of the times" to be observed by observant men of this age, is the free access which we have to Heathen countries for the purposes of Christian instruction. Never lies upon us. since the days of the Apostles was the field of the world so open to cultivation. Commerce has pioneered the way of the Gospel in some regions of Africa and Asia; while treaty or conquest has secured to the Missionary the safe exercise of his vocation in the most numerouslypeopled countries on the face of the globe .-The evangelists of the last century, who claimed the world as their parish, had a very limited sphere of operations, compared with that which now invites our labours. "Great" must be the "company of the preachers" to fill China with their doctrine, even though aided by a million copies of the New Testament, and many mil lions of other publications prepared and suited are now two families resident; they have built people. What has been done there, is only a themselves houses, cultivated the ground, and are power and liberality of the mysterious Comabout to reap their first crops.
