It adds greatly to the comfort and appearance of new buildings and makes old buildings have the appearance of modern ones. Is very ornamental. Makes rooms cooler in summer and warmer in winter. Creates a circulation of the air and keeps the heat of the sun from the room. The old blinds are used as part of the improvement. No change made in the glass or sash. Carpenters and Builders that want to make from \$10 to \$20 per day instead of the regular wages, will find it just the thing.
Parties with Means looking for a business that pays largely can purchase 10 to 20 counties and sell out by counties to carpenters and builders or realize a steady income from royalty.
I employ no Agents but sell territory in quantities at low prices, so that the profits are very large, in some cases exceeding \$500 per month. I furnish models and drawings to purchasers and give full instructions. It is not necessary to be a carpenter to sell territory. Send stamp for circulars, engravings and terms. I make easy terms with carpenters on first county to introduce it.

If the music selected amounts to just \$1, send only the 16 pictures, your name and address. If in excess of \$1, postage stamps may be enclosed for such excess. We make this liberal offer because we desire to give a present sufficiently large to induce every one to give Dobbins' Electric Soap a trial long enough to mow just how good it is. If, after trial, they con-tinue to use the soap for years, we shall be repaid. If they only use the fifteen bars, getting the dollar's worth of music gratis, we shall lose money. This shows our confidence. The Soap can be bought of all procers—the music can only be got of us. See that our name is on each wrapper. Name this paper. A box of this Soap contains sixty bars. Any lady buying a box, and sending us sixty cuts of Mrs. Fogy, can select music to the amount of \$4.50. This Soap improves with age, and you are not asked to buy a uscless article, but one you use every week.
