**Ignorance** 

Blows out the gas and furnishes the newspapers with a jest and an obituary notice. "Didn't know it was loaded" may be an honest plea, but it never brought a victim back to life. Those who let a cough run on, in ignorance of the danger, find no escape from the consequences when the cough develops into lung trouble.

The best time to kill a snake is in the egg. The best time to cure a cough is when it starts. Ordinarily, a few doses of Dr. Pierce's Golden Medical Discovery will cure a cough at the beginning. But even when the cough is deep seated, the lungs bleed and the body is wasted by emaciation, Dr. Pierce's Golden Medical Discovery will in ninety-eight cases out of every hundred effect a perfect and permanent cure.

"My husband had been coughing for years."

a perfect and permanent cure.

"My husband had been coughing for years and people frankly told me that he yould go into consumption," writes Mrs. John Shireman, of No. 56 5th Place, Chiengo, Ill. "He had such terrible coughing spells we not only grew much larmed but looked for the bursting of a blockward of the coughing he was too weak to cross the room. The doctor did him no good. I stated the case to a drustrict who hauded me a bottle of Dr. Flerce's Golden Medical Discovery. My husbands recovery was remarkable. In three days after he becan using Dr. Pierce's Golden Medical Discovery he was up and around, and in two more days he went to work. Two bottles cured him."

Old Fashioned Medicines For Catarrh No Longer In Vogue

For many years past the usual treatment for catarrh diseases was with local douches, aprays, inhalers and liquid medicines composed principally of alcohol, all of which never cured but simply give the temporary relief and stimilation.

A thorough cure can be made only by the treatment which removes the catarrhal poisons from the blood.

A new remedy which meets the requirements and which so far has been remarkably successful in curing catarrh is Stuart's Catarrh Tablets.

These tablets act upon the blood and mucous membrane only.

They can hardly be classed as a secret patent medicine as they are composed of such valuable remedies as blood root, Hydrastin, red gum of Eucalyptus tree and similar antiseptics combined in tablet form, which cure by eliminating from the blood and mucous membrane the poisons of catarrh.

Stuart's Catarrh Tablets are large,

and mucous membrane the poisons of catarrh.

Stuart's Catarrh Tablets are large, pleasant tasting lozengers to be taken internally, allowing them to dissolve in the mouth, thus reaching the throat, trachea and finally the stemach.

the throat, trachea and finally the stomach.

If desired they may also be dissolved in water and used as a douche, in addition to the internal use, but it is, not at all necessary to use a douche; a few of them dissolved in the mouth dealy will be sufficient. However, when there is much stoppage of the nose, a douche made from these tablets will give immediate relief, but the regular daily use internally will cure the whole catarrhal trouble without resorting to the inconvenience of a douche.

Dr. Bennett stated "that the internal treatment of catarrh by means of pleasant medicated tablets is rapidly taking the place of douches and local applications," and further says that "probably the best and certainly the eafest remedy at present on the market is the Stuart's Catarrh Tablets, as no secret is made of their composition and all the really efficient catarrh remedies are concentrated in this tablet."

composition and all the really effi-cient catarrh remedies are concen-trated in this tablet."

Druggists sell Stuart's Catarrh Tab-lets at 50 cents for full sixed pack-age, and he will tell you there is no safer, more palatable, efficient and convenient catarrhi cure known to the trade.

## The Letter=Box

Dear Sir,—There has been much discussion through the press and otherwise on the subject of Race Equality, and in which I noticed that the London Free Press and Senator Tilman were much concerned about the social equality of the black and white races. Please permit me to say, and I believe that I speak the sentiments of the majority of my race, that we are not asking social equality for we believe that everyone has a right to choose their own social friends. But we do not demand religious and political equality. First on the authority of the Christian Bible, and second on the authority of the British ond on the authority of the British Government.
