Good Taste in Furnishing

depends largely on having an opportunity to select what one's natural and acquired liking pronounces correct. This opportunity is offered by a stock such as ours, where every good style is represented fully and you can either indulge your preference for period furniture and be sure the details of the style are correct, or you can select a modern design, based on the best of the old masters' work and built by the most skilled artists and artizans of the day.

The suite illustrated is intended for use with a brass bed. The style is a modern adaption from the French periods and the construction is flawless. The wood is mahogany and the trim of heavy brass.

The Bedstead is built on an English model with square 2 inch posts and 9 square fillers. It is dull finished and is lacquered with pure English lacquer.
