Frosh Tried and Punished by Mock Court in Last Event of Initiation

Last Friday evening the Fall term of the Dalhousie Inferior Court commenced, to try all cases of violations of the Rules for Frosh which may have occurred during Initiation Week.

The first matter on the agenda was the swearing in of the Jury of Impartial Upper Classmen. The jurors selected were Peter MacDonald, Jan Robertson, Betty Cousins, John Bowes, Ross Kenway, Estelle MacLean, Gibby Reid (Fore-man), Barb Lohnes, Benny Goodridge, Dave Hess, Keith Alexander Fancey, and to insure justice, Doug Glendenning, a Freshman, was also included. *

George Tracey and Sherman Zwicker were the presiding judges.

The sole question put to the prisoners was "Do you plead guilty or not guilty?" This question was always answered "Guilty", as the attorney for the Defence always spoke for the Pri-

The first case to come before the Court was Sophs V. Arnoff and Medjuck. Arnoff was charged Medjunk had paid Gym fees for the first time in six years.

The next case was Sophs V. Jessie Forbes and Joan Holmes. They were charged with playing craps at Sheriff Hall. (In violation, no doubt, of the unwritten law that no Freshette shall enjoy herself during Initiation Week.)

The case of Sophs V. Bennet and Bagnell was the last to be considered. Jim Bennet was charged with calling down upperclassmen. Ansley Bagnell was charged with the violation of the most important of the Initiation Rules, "Frosh must obey all orders of upperclassmen". It was alleged that the prisoner refused to push a peanut to Truro with his nose.

The July found each of the prisoners guilty and turned them over to the Executioner (Billy Roscoe) for punishment.

It was a surprise win for the Dal squad, already defeated twice this season. Sparked by the efficiency of quarterback Paul Lee, the team scuttled the Navy, last year's champions, to the tune of 20-6.

Two hundred Dal students packed into buses and cars to see the game. Small as this number is, it was greater than Student Council President Art Moreira expected, judging from the number of tickets sold up to last week-end.

The students present were well rewarded for their interest. Overjoyed at Dal's victory they started to snake-dance through Truro's crowded streets, holding up traffic for one mile. The dance lasted an hour, but did not come to an end until the partakers had gone up Main Street and through a
