IMPERIAL ECONOMIC CONFERENCE, 1932
GOVERNMENT HOSPITALITY COMMITTEE

SUPPLEMENTARY PROGRAMME

MEZZANINE FLOOR, CHATEAU LAURIER
OTTAWA, CANADA.

DEPARTMENT OF THE INTERIOR (Forest Service)

Special Demonstration of the Forest Products Laboratories.

The Hon. Thomas G. Murphy, Minister of the Interior, extends a cordial invitation to Delegates, Advisers and other visitors in Ottawa in connection with the Imperial Economic Conference, to visit the Forest Products Laboratories operated by the Forest Service of the Department of the Interior.

Although the Laboratories may be visited at any time during the business day, by persons who are interested in their work, a special demonstration of laboratory operations has been arranged for Tuesday, August 16th, commencing at 3.00 o'clock p.m. On this occasion visitors will be afforded an excellent opportunity of viewing the operations of the various divisions of the Laboratories with full provision for explanation of the work.

At the Forest Products Laboratories are centred all government research activities in wood products, including timber mechanics, wood preservation; fire re-tardant treatment of wood; timber physics; wood pathology; wood distillation; lumber seasoning; and other phases of wood utilization.

From the Imperial standpoint the Laboratories work in close co-operation with the Forest Products Research Laboratories at Princess Risborough, England, the Forest Research Institute at Dehra Dun, India, and similar organizations in Australia and New Zealand and South Africa.

The Laboratories are situated at the corner of Pretoria and Metcalfe Streets approximately one and one-half miles from the Chateau Laurier. Any information regarding the Laboratories, or this special demonstration of their work, may be had by 'phoning the Superintendent (Mr. T.A. McElhanney) at Queen 2742, local 44.

Those who are interested in seeing these Laboratories are requested to complete the attached pro forma and return as soon as possible to the Government Hospitality Committee, Mezzanine Floor, Chateau Laurier, when all arrangements will be completed.
