Re file Tor. 5008-B18-18

Dear Sir:

Enclosed please find the Certificate of  
Registration No. 3389 returned for alteration.

I requested Cub Aircraft Corp. to have the  
aircraft registered as a commercial aircraft with your  
department. I had intended in the first instance to have  
it registered as a Private but notified Cub Aircraft Corp  
to alter the status to Commercial as I had made plans to use  
this aircraft for flying school purposes on instruction,  
and through some misunderstanding your Department was not  
notified of this change.

I trust you shall be able to correct this  
matter in the near future satisfactorily.

Yours truly,

(Sgd.) G.C. Gauthier
