"THE CUTLERY CASKET."

During the present month we shall introduce to the Trade samples of "THE CUTLERY CASKET." Being a new registered invention of our own House, an article universally wanted, and the price being very moderate, the sale will necessarily be large. "THE CASKET" will hold a complete assortment of Cutlery for the use of moderate sized families, consisting of white-handled Table and Dessert Knives, Table and Dessert Spoons and Forks, and Tea, Salt and Mustard Spoons of genuine Nickelite Silver, in all 41 pieces, the guarantee of the manufacturer being given as to the quality of the metal.

"THE CASKET," the trade number of which is a 41, will be introduced to the general public at \$15.00 each.

Orders are now solicited from Merchants in all parts of the Dominion, subject to their approval on the receipt of a sample "CASKET." Houses taking hold of this article actively this season are certain to command a large sale.
